

Dentist Freed In Slaying Of Wife's Suitor

Acquitted Because
Of Insanity; Fights
Commitment

ALLEGAN, Mich., July 17 (AP) — Acquitted today by reason of temporary insanity in the slaying of his pretty wife's playboy-industrialist suitor, Dr. Kenneth B. Small began an immediate battle to save himself from commitment to a hospital for the criminally insane.

The 31-year-old Detroit dentist won the first skirmish as Circuit Judge Raymond L. Smith put off until next week a decision on divergent commitment views.

Prosecutor Dwight Cheever argued that a 1939 Michigan law requires immediate commitment of any persons acquitted of murder by reason of insanity and his retention until he is proved sane. Leo Hoffman, defense counsel, insisted that under a 1947 law Judge Smith could appoint a sanity commission to rule on Dr. Small's current mental status, which Hoffman contends is a sane one.

At the Allegan county jail where he must await a commitment or release decision, Dr. Small received this telephoned greeting relayed from his 30-year-old wife, Edith:

"Tell Ken congratulations from me. I'm going home to Detroit."

Mrs. Small was not present when the jury returned its verdict. She has gone into seclusion and her physician said she needed a complete rest.

It was over the independently wealthy Edith's affections that Dr. Small pumped two fatal bullets into the chest of Jules Lack of New York, last May 29th at a luxurious Lake Michigan cottage at nearby Douglas. The dentist surprised them at a weekend party.

Lack was president of the Majestic Air Conditioning Corp. He and Edith met in Florida in April. Both were vacationing, she with her three young sons but without her husband.

Dr. Small pleaded temporary insanity. He said Edith's demands for divorce, her confession of infatuation for Lack and their frequent rendezvous drove him out of his mind. A jury of 11 men and a woman agreed with him at 1:40 a.m. today after five hours and four minutes deliberation.

There was a wild scene. Spectators cheered. Friends broke through to shake the hand of the 6-foot dentist. Some women kissed him.

Political Boss Parr Indicted On Conspiracy Count

SAN DIEGO, Tex., July 17 (AP) — Political boss George Parr and two other former officers of the Texas State Bank of Alice, former depository for Duval County funds, have been indicted on charges of conspiracy.

The indictments, returned yesterday but not made public until today, accused Parr, his brother, Givens Parr of Alice, and B. F. (Tom) Donald of Alice of conspiracy to convert funds of the Benavides Independent School District to their own use.

The indictments were for felony theft of over \$50.

Parr himself was president of the bank, since reorganized. Givens Parr was vice president and Donald was cashier.

Indicted on the same charges was R. W. Milligan, superintendent of the school district, whose contract for that post has not been renewed.

Altogether there were six indictments naming 14 people, all on charges of conspiracy to convert school funds. Most of those indicted were former trustees.

Milligan has been in the Benavides school system 21 years and has been superintendent 16 years.

Others indicted:

Santiago Red Sanchez, Copita, Tex., rancher, whose wife is a trustee of the Copita common school district.

D. C. Chapa, former tax assessor-collector of the Benavides school district, already under indictment on other counts.

O. Carrillo Sr., son of D. C. Chapa, former deputy assessor-collector at Benavides.

Knowland Seeks Democratic Aid On Farm Program

WASHINGTON, July 17 (AP) — Republican leader Knowland (Calif.) jumped into the congressional argument over government farm price supports today with a plea for bi-partisan support of the Eisenhower program.

Unless the Senate follows the lead of the House and votes for a system of flexible and lower price supports, Knowland said there "is danger of a complete breakdown of our farm program."

Knowland hit at some farm state senators, including some Republicans, who favor a one-year extension of rigid 90 per cent of parity supports on cotton, wheat, corn, rice and peanuts.

The Senate Agriculture Committee by an 8-7 vote rebuffed the Eisenhower-Benson plea for flexible supports and instead asked another year of the rigid wartime levels.

"There is a weakness on the part of some individuals that the decision now be put off for another year," the Senate Republican leader said. "They know the program won't work, but they want just one more year of it."

Knowland noted that more than 6½ billion dollars is now invested in government-held farm surplus and said this may reach "a staggering total of 10 billions of dollars."

He said the Senate was obliged to "look at the facts and frame an agricultural program that will be fair to farmers, consumers and taxpayers."

The majority leader said the Eisenhower program's basic feature is "a shift from an emergency wartime program of high and rigid price supports encouraging all-out production to a peacetime program of flexible supports adjusting production to our needs."

Knowland said the farm program "is not a partisan issue."

"I appeal to my Democratic and Republican colleagues not to make the program a political issue now at the expense of a sound agricultural economic policy," he said.

\$300,000 Expansion Of Central Bank Planned

The Central Savings Bank and Trust Company Saturday announced plans for an extensive remodeling and expansion program which will result in a 75 per cent increase in banking and working space. The Bank Building and Equipment Corporation of America, with headquarters in St. Louis, will engineer the modernization program, which is now required to afford convenience and the best of service to the increasing number of customers who patronize this banking institution. The estimated cost of the construction is placed at \$330,000.

Plans call for extension of the bank's quarters into the adjacent two-story building at the east of the present building, which is now used by a dress shop company.

The classic design of the present institution is to be retained and the present departments will be spread over the two buildings. The present interior will undergo complete reconstruction and the reconstructed quarters will be such as to afford maximum customer comfort and operating efficiency, said Travis Oliver, president.

He explained that the present lobby will be more than doubled in size and in addition a new vault teller counter with 24 teller windows will be installed to form an increase over the 11 at this

GOP Congressmen Still Hopeful Of Passage For Core Of Ike's Program

WASHINGTON, July 17 (AP) — A check of Republican congressional leaders and a committee chairman showed today they are confident of putting through a hard core of President Eisenhower's 1954 legislative program before Congress quits.

In this category they place social security expansion, the omnibus tax revision bill, the rewriting of the atomic energy law, housing legislation, a farm price support measure and a foreign aid bill.

None of these has been sent to the President yet. Congress is driving for adjournment by Aug. 1, but many of the lawmakers are beginning to feel they will be here a week or two in August.

Democratic leaders concede that the major bills probably will be passed. They point out that most of them have substantial Democratic support and, in many cases, such as social security, federal aid for housing construction and foreign aid, involve programs set up by their party.

This is the status of major bills GOP leaders express optimism about:

SOCIAL SECURITY — House has passed bill increasing benefits and extending coverage about as President wants it. Senate Finance Committee expects to report out measure next week; already has made coverage for farm operators and professional people optional instead of compulsory as Eisenhower recommended.

TAX REVISION — Passed both houses and in conference. President appears certain to get bulk of his request.

ATOMIC ENERGY — Reported out of committee and now under lengthy senate debate. Final version likely to contain two main administration proposals — free exchange of information with Allies and encouragement of private industry in atomic power field.

Main floor fight over site issue — whether Congress should try to block a controversial private power contract. President directed Atomic Energy Commission to make to add to Tennessee Valley Authority power.

HOUSING — Passed both houses and compromise worked out by conferees. President's request on public housing sharply whittled down in conference.

FARM — President won major victory in House passage of bill with flexible price supports. Senate Agriculture Committee has rebuffed him by approving a measure with the rigid system. Senate floor debate may begin next week.

FOREIGN AID — House has passed authorization bill only 100 million below Eisenhower's \$3,438,000,000 request. Senate Foreign Relations Committee cut measure to \$3,100,000,000; it now is ready for floor debate. Appropriations bill must pass both branches after authorization is enacted.

The administration also appears to win passage of a bill extending unemployment compensation coverage to four million additional workers. It has passed the House and the Senate Finance Committee approved it unanimously.

French Ready For Evacuation Of Hanoi Area

Indecisive But
Bloody Battles
Fought For City

HANOI, Indochina, July 17 (AP) — A high French official said today the 6,200 French civilians in Hanoi will start moving out as soon as a cease-fire is announced or negotiations at Geneva break down.

The statement came as French Union forces and the Communist Vietnamese rebels fought bloodily but indecisively north and west of Hanoi.

The French evacuation official said he assumed a cease-fire would be accompanied by safe conducts enabling the French to get away unharmed.

He added that if negotiations break down and a major Vietnam attack is made on Hanoi, it would take the rebels considerably longer than the eight days necessary for evacuation to make evacuation any more dangerous than it is now.

The eight-day period is the estimated time for emergency evacuation. French army officials hope, however, that they will be allowed at least two months to pull out of Hanoi in the event of a cease-fire. It was expected the Vietnamese would balk at more than a month and might refuse more than two weeks' time.

At Trung Gia, French Union and Vietnamese military staff officers continued meeting daily on "re-grouping" plans for military forces to go into effect with a cease-fire.

But the fighting continued on the northern and western fronts.

Two French mobile infantry columns, clamping an east-west vise on Vietnamese infiltrators, drove rebel troops to the northern fringe of the Red River delta in the important Lac Nam sector 33

Death Sentence Imposed On Negro In Assault Case

BEILZONI, Miss., July 17 (AP) — A 20-year-old negro was under a death sentence today for the rape of a Louisiana doctor's wife and a companion was scheduled to be tried Monday for the same crime.

Moses (Tony) Robinson was convicted after a Humphreys County Circuit Court jury deliberated 15 minutes yesterday. Circuit Judge Arthur Jordan set the execution date at Aug. 27.

Sheriff Ike Shelton, who said Robinson was removed to Hinds County jail for safekeeping until his automatic appeal is acted upon, described the crime.

He said the woman had been on her way to Clarksdale and two negroes dragged her into the nearby Honey Island woods where they raped her.

The sheriff said residents of the area found her in a dazed condition Saturday morning and reported to him.

Robinson was picked up, Shelton said, and he confessed, implicating S. L. Venable, 24, who also lives in the area.

The grand jury, which had been recessed three days, was recalled and indicted the pair Monday.

English Bobby Soxers Carve Initials In Skin

NOTTINGHAM, England, July 17 (AP) — A new craze spread among English bobby soxers today.

Blinking back tears, teen-age girls are carving their boy friends' initials into the flesh of their own legs and arms.

Some are rubbing burned wood into the cuts to make the scars more distinctive and the initials easier to read.

"It is shocking, horrible," said Miss W. L. Hawkrice, headmistress of Nether Street School. "We are deeply concerned."

The fad broke out last month at Swindon, near a U.S. Air Force base. Many teen-age students and factory girls said they branded themselves with American airman's initials.

It spread to Nottingham, about 100 miles north, and today 27 youth organizations in Nottingham county were trying to get it stopped before more girls are scarred for life or dangerous blood poisoning cases result.

Notices banning scarred girls were posted today in several clubs. Yesterday Miss Hawkrice paraded a branded 14-year-old in front of the school's 500 pupils at a weekly assembly. The idea, she said, was to discourage the fad by

Peace Hopes Drop As Deadline Near For Negotiations

U.S., Britain Planning 'Quick Action' In Event Truce Talks Break Down

WASHINGTON, July 17 (AP) — The United States and Britain have agreed quick action must be taken to bolster the battered anti-Communist front in Southeast Asia if Indochina peace negotiations finally fall through at Geneva next Tuesday night.

Officials of the two governments said there is no agreement yet as to what the actions should be. But a basis for prompt decision has been laid in American-British studies of possible moves—ranging from outright intervention to the forcement of free areas like Thailand.

The studies have been made in Washington during the last three weeks by representatives of the State Department and British Embassy.

London and Washington are also agreed that whatever is done must be done with the maximum cooperation and support of Asian countries but beyond this point they disagree on how high a price to pay for the potential support of neutral countries like India and Indonesia. Washington is not willing to delay decisions or modify plans to win the Indians, but London considers Indian good will worth a high price.

Information from the highest quarters indicates the Indochina crisis, with war or peace hanging in the balance, is measured here as follows:

The chances are probably a little better than even that the Communists, led by Soviet Foreign Minister Molotov and Red China's Chou En-lai will make an eleven-hour agreement to end the eight-year-old war. But French Premier Mendes-France is negotiating with a gun at his head, due to his pledge to resign if he fails to make a peace deal by midnight Tuesday.

Outside of the Indochina arena, Molotov and Chou and the Vietnamese Pham Van Dong are assumed to be weighing their responses to the Mendes-France peace drive against two grand strategy considerations:

1. If they refuse to give the French acceptable terms they can expect the Mendes-France government, perhaps, to create political chaos in Paris, possibly set a new French government which would make a surrender peace. On this line of strategy they might also weaken French chances for ratifying the European Defense Community and thereby widen the rift between France on the one hand and West Germany and the Allies on the other.

2. If they agree to what Mendes-France considers honorable terms they will not only set an end to the Indochina fighting with a big gain of territory for the Reds they will also bring about a relaxation in world tensions, strengthen the argument of those who want Red China in the United Nations, and brighten their prospects for trade with the free world. They can also employ these issues to make trouble between the United States and Britain.

Murchison Will Testify Monday In Housing Probe

WASHINGTON, July 17 (AP) — Clint Murchison Jr., son of the Texas oil millionaire, will testify Monday before Senate housing subcommittee investigators.

Chairman Homer Capehart (R-Ind.) of the Senate Banking committee, said the younger Murchison, who plays a leading role in management of his father's vast holdings, is one of four witnesses called to appear Monday.

The others, he said, are Link Cowan of Shawnee, Okla.; Davis Moss of San Antonio, Tex.; and Norman K. Winston of New York.

Capehart declined to say what the various witnesses will be questioned about. But committee sources said Monday's hearing will deal with the Bill Mitchell Village housing project at San Antonio, Tex., the Page Manor project at Dayton, Ohio, and projects in New York.

The committee has been investigating cases in which apartment house and rental home builders reaped fat "windfall" profits by obtaining government-insured mortgages bigger than the actual cost of construction.

Young Murchison, 31, is the head of Tecon Corp., a large construction firm which has built several military housing projects.

Robert Thompson, executive vice president of Tecon and a partner of Murchison Jr., admitted the firm made "some money" on the projects but "made it according to rules and regulations."

Thompson added that the senior Murchison, one of the wealthiest men in the nation, was "not involved" in any of the projects built with government-backed financing.

Winston was vice president of the corporation which built the Bill Mitchell Village in San Antonio. Administration investigators have charged that the corporation, which made an original capital investment of \$56,000,000, reaped \$500,000 in "windfall" dividends.

East, West Apparently Deadlocked

Mendes-France To
Resign At Midnight
Tuesday If Failure

GENEVA, July 17 (AP) — The prospects for an Indochina peace dimmed sharply tonight.

Another East-West meeting was inconclusive and a Western informant said it tipped the scales against a settlement, at least temporarily.

French Premier Pierre Mendes-France, who has made Tuesday night his deadline for an "honorable" cease fire or his resignation, warned his countrymen in a recorded broadcast they must be prepared for a possible continuation of bloody warfare.

The Premier said it may be necessary to draft Frenchmen for the Indochina front.

A high Western source who had access to the documents offered in the latest private ministerial sessions said the odds were about seven to five against Mendes-France making his July 20 deadline.

Tonight, at the demand of Eastern delegations, the full nine-country conference was summoned for an extraordinary session at 4 p.m. tomorrow.

This will be the first conference session in two weeks and the first held on Sunday. Western sources said it will be a "restricted" meeting, with each delegation limited to two representatives.

This indicated the Sunday meeting is intended as a brass-tacks bargaining session just two days ahead of the Mendes-France time limit.

A high Western informant said no progress was made in tonight's two-hour meeting of the French premier, British Foreign Secretary Anthony Eden and Soviet Foreign Minister V. M. Molotov.

Mendes-France and Eden went into the meeting with their hands steepled by the return of U. S. Undersecretary of State Walter Bedell Smith to the leadership of the American delegation in Geneva.

Smith, who arrived this morning, conferred at length with the French and British leaders before they went into the battle with Molotov.

Later, the heads of all Communist delegations met in Molotov's villa, and Pham Van Dong, born an member of the Communist-led Vietnamese government, headed a meeting with Mendes-France at 10 p.m.

The leader of the pro-Western Vietnamese delegation, Foreign Minister Tran Van Do, meanwhile complained in a personal letter that France was not keeping Viet Nam sufficiently informed on the negotiations.

Thundershowers Expected Here

Monroe hardly noticed the six-degree difference Saturday, but high temperature readings for the day showed a top of 99 compared to Friday's record 105. Minimum for Saturday was recorded as 76 degrees.

Predictions are being continued to promise clouds and afternoon thundershowers for Sunday and Monday in Louisiana, with moderate winds in the southern sections. Rains were also hinted for parts of Arkansas in the two-day prediction.

Toronto is an ambitious, bustling metropolis of a wide area. It has possibly 800,000 population in the city limits but its metropolitan area has a total of one million eight hundred thousand. While not as large as Montreal, it is on the way to get there and more.

One of many indications of municipal growth and enterprise is found in the recently constructed subway which removes traffic of cars from downtown Toronto and penetrates toward the outer areas. Eight and ten cars are coupled together and operate every two minutes at rush hours. They are quite similar to New York's subway and we know of no city the size of Toronto that has such a system of rapid transit. But Toronto people will explain that it was badly needed and will prove a step forward for the fastest growing city of the Dominion.

North of Toronto is an extended series of lakes that are highly popular with both Canadians and people from the states. They are in the Muskoka area of northern Canada, about 175 miles from Toronto. Throngs of men, women and children from a wide area spend their vacations there among the 3,000 lakes that Ontario possesses. We take the word from our informant we did not count 'em. We spent 24 hours in this area and it was surely cold. We found a fire in the various cottage rooms and the water was rough and cold.

All told we enjoyed all we saw and did very greatly. It is good to see how the other fellow lives and a flying trip to the Dominion is to be recommended. One saves time and energy when he flies and it is to be approved.

Just a word that may be timely to travelers. Canada is not too favorable to our financial setup.

David H. Johnson Named Principal Of Carver School

Van D. Odom, superintendent of the Monroe City School system, and T. H. Scott, president of the board, have jointly announced the appointment of David H. Johnson as principal of the Carver Elementary School. Johnson was hired recently and will assume his duties on September 1.

A native of Crowley, La., Johnson attended the Monroe Colored High school for three years and later moved to Lincoln High, where he graduated. He received his bachelor of arts degree in 1949 from the Lane College in Jackson, Tenn.

He is presently attending the University of Wisconsin, where he will receive his masters degree in public school administration.

Johnson has taught at the Richmond school for one year and the Swartz Elementary school. He was principal of the latter school.

In announcing the hiring of Johnson as the principal of the Carver school, Odom said he was "glad to get a man of this calibre and with the educational background such as Johnson has."

CONVENTION BOUND — Two Ouachita parish Farm Bureau officials who will attend the Louisiana Farm Bureau state convention opening Sunday in Alexandria, are, from left, Fred Huenefeld, Jr., secretary-treasurer and Paul Ransom, president.

Change In Cotton Measuring Plan To Be Proposed

A resolution favoring preplanting measurement of cotton acreage under controls, will be presented by a Ouachita Parish delegation for consideration at the 32nd annual convention of the Louisiana Farm Bureau Federation, which opens in Alexandria Sunday afternoon.

This was announced here yesterday by Paul Ransom, president of the Ouachita Parish Farm Bureau, who will head the eight-man delegation.

Other resolutions which will be presented during the four-day convention, which will be headquartered in the Bentley Hotel, Ransom said, include one asking for a more comprehensive program for stamping out bank disease in beef cattle.

The present voluntary system of cooperating in the battle against bank disease is too weak, he said. Another resolution calls for a survey to determine the extent of pollution of the Ouachita River. Purpose of this, Farm Bureau officials said, is to determine what lasting effect on irrigated soil, and on cattle, water pollution may bring about.

Other resolutions to be presented ask for the measures to improve the state's soil testing facilities, and condemn U. S. government subsidies to foreign agricultural competitors.

Expanding briefly on preplanting measurement of cotton land, Ransom said that it would iron out one of the difficulties often confronting growers, that of finding that too much or too little has been planted in the season when acreage measurements are made to determine quota compliance.

One of the highlights of the convention will be an address Tuesday morning by Allan B. Kline, American Farm Bureau Federation president.

Besides Ransom, other delegates from Ouachita Parish will include J. J. Joyce, Jr., county agent; W. J. McDonald, Jr.; Fred Huenefeld, Jr., secretary-treasurer of the parish unit; J. B. Filtholt, Bill Matthews, Arnold Zeigler, Everett Zeigler.

Some 200 delegates from the northeast district are expected to attend, and attendance from throughout the state is expected to exceed 1,000.

Burglary Series Suspects Caught By Deputy Sheriff

JENA, July 17 (Special) — The arrest of two men near here today ended a four-month series of burglaries in five Northeast Louisiana parishes, LaSalle Parish Sheriff D. Floyd said this evening.

According to Sheriff Floyd Thomas, Clinton Pentecost, 27, of Alexandria, and Donald Miller, 20, of Ball, were arrested this afternoon as they attempted to burglarize the home of a sister of Deputy Sheriff Alonzo Taylor.

Sheriff Floyd explained it this way: "Deputy Taylor was on his way to his home — about 400 yards from that of his sister — when he noticed a strange car parked in front of the house. Knowing his sister was not home, and noticing that the car fit the description of the vehicle reportedly used in burglaries in the five parishes, Taylor decided to investigate."

"He found the two men in the process of burglarizing his sister's home," Floyd said. The deputy took his prisoners to the LaSalle Parish Sheriff's office, where they were identified as the two men wanted in the previous burglaries, Floyd continued.

The Sheriff explained that the men would go to a home and knock on the door. If they received no answer, they would then burglarize the residence.

He said the loot taken by the two men included just about everything from fish hooks to watches, and watermelons to piggy banks. The Sheriff said when captured the men had—either in their immediate possession or at their homes — just about everything they had taken during their four-month spree.

He said the pair had ransacked homes in Ouachita, LaSalle, Grant, Winn, and Rapides parishes. He also identified Pentecost as an ex-convict who had served a two-year sentence on a burglary charge.

Late today deputy Sheriffs from each of the five affected parishes were reported on their way to Jena to see if they can identify articles stolen in their respective parishes.

Nations which the Vietnamese fear will split the big coastal state between Communists and non-Communist Nationalists.

One source speculated the Sunday meeting was called to get Smith into a face-to-face bargaining session with Red China's Premier-Foreign Minister Chou En-lai. The United States has not recognized Red China and there have been no personal dealings between the top American and Red Chinese delegates here.

A U. S. guarantee of any partition of Indochina in the present peace plan, and the proposed Southeast Asia defense pact loomed as huge obstacles as the clock moved relentlessly toward the Tuesday midnight deadline when Mendes-France intends to halt negotiations unless a cease fire is achieved.

The Communist bloc was reported by a Red Chinese informant today to be demanding that the United States join in an agreement to guarantee the partition and to neutralize the whole country.

"We believe that the United

States as a member of the conference should and is obligated to subscribe to and guarantee any settlement," the informant said. "morally, there is no reason for the United States to avoid this obligation."

But the informant did not rule out the chance of an Indochina cease-fire even if the United States refuses to okay the armistice agreement.

The Eisenhower administration has told France and Britain they can go ahead with their plan for an Indochina settlement based on partition of Viet Nam. But Washington has made it clear it is not ready to associate itself formally with the plan, which would sanction putting millions of Vietnamese under Red rule.

The Communist informant said the "crucial issue" now in the Geneva peace negotiations revolves around whether the Western powers will agree effectively to neutralize Indochina.

"Refusal to join in such a guarantee," the informant said, "could seriously deter a final settlement. On the other important points in the negotiations we are in agreement or close to it. We are hopeful and we believe that there is time to reach a settlement by July 20."

Thorne Inquest Fails To Turn Up Evidence In Case

CHICAGO, July 17 (AP)—A month-long investigation of the baffling death of Montgomery Ward Thorne hah failed to produce any evidence of murder, suicide or foul play, Police Sgt. Thomas Mulvey said tonight.

Mulvey has been in charge of the police probe since the body of the 20-year-old heir to a mail order fortune was found in his \$75-a-month one-room apartment June 19.

"At the end of a month we have no evidence to indicate that any kind of violence was involved in Thorne's death," Mulvey said. This was the first definite police statement indicating they believe Thorne died of natural causes, or from use of drugs and whisky.

Subpoenas calling for the appearance of seven persons when the inquest into the death is resumed Monday were issued today by Coroner Walter E. McCarron. McCarron's official pathologist said the youth's death was caused by a mixture of liquor and drugs, possibly administered by another person. But other doctors questioned this and are re-examining Thorne's body.

Shrimpers Meet In Mexico City

BATON ROUGE July 17 (UP)—The Shrimp Association of the Americas was host this week at its third annual meeting in Mexico City to Dr. Ernest A. Fieger, Louisiana State University's shrimp researcher.

Heading the delegation of bankers will be C. Rupert Evans, president of the state bankers association and president of the First National Bank of Lake Providence. Heading the farmer delegation will be Marion S. Monk, president of the soil conservation association, from Batchelor.

One of Dr. Fieger's most recent discoveries with shrimp was on cause and prevention of a condition known as "black spot," which gives the appearance of spoilage. Industry representatives from Cuba, Argentina, Norway and other countries are attending the meetings, which ended Saturday.

Pact-Signing Delay Concerns Yugoslavs

LONDON, July 18 (AP)—Delay in signing of the Balkan alliance pact by Yugoslavia, Turkey and Greece aroused concern in a leading Belgrade newspaper today.

The semi-official Politika raised a question of whether "some powers in the West" were to blame and suggested representatives of the Atlantic Pact wish to control creation of the three-nation Balkan pact.

Backers of this measure have announced they will try to revive it, but the chances appeared slim in view of the 238-134 vote.

Eisenhower signed this week another of his health measures authorizing a three-year, 180-million-dollar program of federal grants for special types of hospitals. A third, to expand the government's vocational rehabilitation services, has passed both branches and a compromise has been agreed upon.

Farmer-Banker Southland Tour To Start Today

More than 150 farmers and bankers from throughout Louisiana will leave by special train Sunday for a trip to points in Alabama, Florida and Georgia to look over soil conservation and farming practices.

The train will leave from Shreveport at noon and pick up members of the party at stations between there to New Orleans. This will mark the fourth farmer-banker tour in the past eight years sponsored by the Louisiana Bankers Association and the Association of Soil Conservation Supervisors.

Heading the delegation of bankers will be C. Rupert Evans, president of the state bankers association and president of the First National Bank of Lake Providence. Heading the farmer delegation will be Marion S. Monk, president of the soil conservation association, from Batchelor.

Returned Soldiers Tell Of Captivity By Czechs

By TOM STONE

FUERTH, Germany, July 17 (AP)—After a year or so in prison you will probably give better answers.

With that grim threat, Czech Communists tried to pry military information from seven U.S. soldiers imprisoned 12 days in the Soviet satellite, the soldiers said today.

The seven, freed Thursday after being captured by a trigger-happy Czech patrol July 4, told a news conference here of their experience.

They said they had not been physically harmed, but all were questioned frequently and separately by an English-speaking Czech who accused them of being spies.

The seven are: Capt. Jack Davis, 31, Raytown, Mo.; Pvt. Richard J. Jumper, 21, Booneville, Miss.; Pfc. Leonard D. Tennis, 18, Alliance, Ohio; Cpl. John F. Glasson, 24, Oakdale, Calif.; Pfc. Jerry W. Griffith, 22, Springfield, Ohio; Pfc. George Switzer, 23, Milburn, N.C.; Pvt. Ross McGinnis, 21, Greensburg, Pa.

Describing the persistent Communist interrogation, Davis said: "They questioned me on everything ranging from military subjects to American politics and Sen. McCarthy."

The chubby Missourian said they were captured when they went to the border to "take a look" near the Bavarian town of Baernau. Suddenly about 20 armed Czech soldiers swooped down. Firing warning shots.

Davis said he protested to his captors that the men had been merely on a holiday visit to the border, but his words were shrugged off.

State Court

Drunk and reckless driving were the principal causes of arrests by members of Troop F, Louisiana state police, during the past week, according to the weekly report issued by troop headquarters. The report listed 10 persons each as arrested.

Following closely with nine arrests was no driver's license. Other offenses were no chauffeur license, speeding, operating with an overweight load, negligent homicide, improper parking, simple obstruction of the highway and disregarding an officer's ticket.

Persons charged with drunk driving were: Roy O. Daniels, 39, Mer Rouge; Dave L. Ellis, 33, Negro, 803 Pine street, Monroe; C. L. Blackman, 31, Negro, Lake Providence; William K. Moss, 44, New Orleans; Jessie O. Anding, 48, Route 3, Winnboro; Emmett C. Bounds, 48, Winnboro; Willie Washington, 37, Negro, Lake Providence; and Johnny James Kent, 36, Negro, 507 Reed street, Monroe.

Charged with reckless driving were: Joe C. Williams, 23, Conroe, Texas; Johnnie Howe, 31, 1511 Joe Bill Street, West Monroe; Prentice Spivey, 22, Negro, Choudrant; James Harold Hamilton, 18, Kilbourne; Willie F. Lattie, 59, 1414 McClure street, Bastrop; Samuel Ellis, 17, Negro, Lake Providence; Elva A. Woodard, 17, Negro, Lake Providence; Thomas Draper, 26, Negro, Vicksburg; David Cummings, 23, Negro, Waterproof; and Willis McDowell, 29, Negro, Jackson, Miss.

No chauffeur's license: Charlie Butler, 47, Negro, 104 South 23rd Street, Monroe.

No driver's license: Walter C. Abbott, Jr., 40, Jonesboro; Alvin R. Cassard, 33, Shreveport; Prentice Spivey, 22, Negro, Choudrant; Bethene Smith Mixon, 24, Oak Grove; S. L. Scarber, 40, Louisiana; Bobby Glass, 25, Route 2, Ruston; Rogers Nugent, 52, 3014 White street, Monroe; Luther L. Ware, 18, Negro, Jones; and O. G. Gardner, 62, Negro, Bastrop.

Speeding in automobiles: Leon H. McDowell, 33, Negro, 1300 Louisiana ave., Monroe; Breard Ishop, 28, Negro, Monroe; and James Pepper, 24, Delhi.

Speeding in trucks: Thaddeus Johnson, 27, Tallulah.

Operating with overweight loads at night: Charlie Hudson, 48, Negro Tallulah; and Edgar Ray Burrow, 25, Midland, Tex.

Negligent homicide: R. J. Lucas, 17, Negro, Lake Providence.

Improper parking: George Brown, 59, Negro, Waterproof.

Simple obstruction of the highway: Eugene Davis, Jr., 19, Negro, Monroe.

Disregarding officer's ticket: Louis Green, Jr., 31, Negro, Columbia.

Four Houstonians Drown In Channel

TEXAS CITY, July 17 (AP)—Four Houston residents drowned in the Texas City channel today when their rented skiff was swamped in a squall.

The dead were C. J. Carus, Mrs. C. J. Caruso, Caruso's grandmother, Mrs. Sarah Mabin, and his brother, Frank Caruso.

The lone survivor was a daughter, Barbara Caruso, 12.

The boat sank just a few minutes after the group left for an old sunken boat in Galveston Bay, a popular fishing area.

Barbara said they were about half way there when strong winds struck the boat. She said they decided their best chance would be to try to reach the old boat but failed by less than 100 yards.

A Coast Guard vessel rescued the girl and recovered three bodies.

at times to see where we were going, but a guard jammed it back over my eyes as they led us away," Davis said. "They meant business."

That night an English-speaking Czech began interrogations which went on intermittently during their confinement.

When Davis refused to discuss U.S. military information, his inquisitor warned: "After a year or so in prison you will probably give better answers."

The other men underwent similar threats and questioning, and Tennis said he was interrogated "roughly."

"They shouted and yelled and shook their fists at me but they did not strike me or use other physical violence," he said.

Jumper, a 6-foot-2 Negro, said the Czechs tried to inject the racial issue into his questioning, McGinnis said he "told them something you could not print in a newspaper when they tried to sell us on communism."

Davis said their food during imprisonment was plan and high in protein, but "their best food is not as good as our worst."

The men were told that their government had forgotten all about them, despite U.S. military and State Department attempts to obtain their freedom.

They were not told they were it came when they were taken blindfolded into a Czech bus and driven to the border. There the men of the U.S. 2nd Armored Cavalry regiment met them.

The seven, all attached to a medical unit, will be returned to their outfits tomorrow.

Senator Ellender Should Be Re-Elected

Senator Allen J. Ellender's record during 18 years in the United States Senate fully justifies his renomination in the Democrat primaries July 27th, a week from Tuesday, in our opinion.

The World has disagreed with Senator Ellender in the past on individual issues. It may do so in the future. But there is nothing in his record to justify replacement of his capabilities, experience, and Senate seniority with what could be only an untried "freshman" representation for Louisiana in one of its two United States Senate seats for the next six years.

Senator Ellender is past chairman and present ranking Democrat member of the Senate Agriculture Committee through which all farm legislation must pass. He is a ranking Democrat member of the Civil Functions Subcommittee of the Senate Appropriations Committee and would be chairman of it and of Agriculture Committee if the Democrats regained Senate control.

The Civil Functions Subcommittee handles all appropriations for federal domestic installations, including flood control and navigation, a field so important to all parts of Louisiana. The full Appropriations Committee handles all legislation for spending of federal tax money for any purpose. Senator Ellender also is a member of six other subcommittees of the Senate Appropriations Committee, each handling some special phase of federal spending.

Failure to re-elect Senator Ellender would mean that Louisiana would have either no voice at all on these two highly important committees and their subcommittees, or only a comparatively insignificant "freshman" voice. Most likely there would be no Louisiana representation, for it is against Senate tradition to appoint a new Senator to any two important committees and there might not be appointment even to one committee of importance.

Record Proves His Value—

Senator Ellender's legislative record clearly brings out the importance of committee and subcommittee posts and chairmanships, and of Senate seniority on which such assignments are based.

Take agricultural legislation as an example:

Senator Ellender is author of the present farm law. He has voted consistently for rural electrification but has been equally active in opposing use of rural electrification as a wedge for federal intrusion into private enterprise, specifically opposing any construction of federal power lines for transmission of federally produced power. He is author of the federal school lunch law, but has voted to prevent federal intrusion into public school operation of any kind.

He was a strong supporter of cotton acreage allotments that would satisfy Louisiana cotton farmers this year. Throughout his Senate career he has voted always for legislation intended to better the condition of Louisiana agriculture.

More than once in such efforts he bucked the administration of his own party. When the Truman Democrat administration came forth with the Brannan Farm Plan and its features of socialistic regimentation of agriculture, Senator Ellender, as Chairman of the Senate Agriculture Committee, led in opposing it even though the program was backed by his own party's administration.

Failure to renominate and re-elect Senator Ellender would mean that Louisiana farmers, and Louisiana agriculture as an industry, would lose this proven effective voice in Washington.

Stands For Economy—

Take Senator Ellender's record on the Senate Appropriations Committee as another example:

His votes and speeches in the Senate have been in behalf of federal economy and reduction of taxes, but insistence on budget balancing before taxes are cut. He recently was praised by GOP Senate Majority Leader Knowland for his activities toward economy.

Senator Ellender is one of the Senate bloc now demanding an end to all foreign economic aid, with continuance of military aid only to overseas nations ready to join the United States in common defense against Communism. He has fully supported congressional investigations into Communism, and in other fields, but at the same time has demanded maximum economy in such activities.

As an economy measure, it was Senator Ellender who helped change the original idea of the St. Lawrence Seaway from a "billion dollar boondoggle" to a far more conservative 105,000,000 dollar deal. The Morning World went into the St. Lawrence project at some length during and prior to the congressional discussion stating that unless such a proposal was passed, the supporters of Federal assistance to the "Old River Project" could not expect to receive the support of the supporters of the St. Lawrence Seaway.

On the Civil Functions subcommittee, Senator Ellender is credited with being the main force in gaining appropriations a few weeks ago for the Ferrell's Bridge reservoir on Cypress River, which had been hanging fire for eight years. This is one of six reservoirs authorized in 1946 to control Red River. As Direct Louisiana benefits, the Ferrell's River reservoir will salvage 50,000 acres of often-flooded North Caddo parish land and lower the Red River at Alexandria by a foot and a half in flood times.

Throughout his 18 years Senator Ellender always has voted against the St. Lawrence Seaway as a waste of money which could be better spent in developing the huge Mississippi River Valley waterway system, including the Red River. He was one of those who forced reduction of the St. Lawrence plan from a so-called "billion dollar boondoggle" to a \$105,000,000 project, expected to be self-liquidating as passed by the present Congress. He voted against even this lesser spending as being wasteful.

Fights For State's Rights—

Senator Ellender has voted consistently for the rights of states against federal intervention. He was co-sponsor of three tidelands bills to give the states ownership of offshore submerged lands, all three of the bills passing both Senate

and House. President Truman vetoed two of these bills and President Eisenhower signed the third—the present law.

The Louisiana Senator has followed the same principle of state's rights in the oil and gas industry, voting and speaking to retain to local authorities control over gas gathering and gas not in interstate commerce.

He voted for and spoke for the Kerr gas bill which passed the Senate in 1950 and was vetoed by Mr. Truman. After the recent Supreme Court decision, in the Phillips case, tending to establish federal jurisdiction over gas prices at the well-head, Senator Ellender advocated that the Kerr bill be brought up again. Enactment of it into law now could offset the Supreme Court Phillips case decision in the same manner that the tidelands bill he sponsored offset the previous Court ruling on that issue.

Against Socialistic Schemes—

Senator Ellender has voted against and consistently opposed any form of federalized or socialized medicine, particularly the Truman health plan, but has supported Hill-Burton type of hospital construction federal aid where interests pay part of the cost and attain full ownership and control.

He voted for the Taft-Hartley bill and believes it has worked well in principle, but has advocated revision along lines to remove federal dictation to both labor and management as far as possible in their relations with each other.

All Factions Support Him—

Senator Ellender's record in Congress has brought him overwhelming election support from every parish in the state and from all political factions in his past Senate campaigns. The returns in each of his three Senate race victories have shown that neither Longism nor anti-Longism was a major factor and that his strength lay with both.

In 1936 he carried 62 of Louisiana's 64 parishes, losing only DeSoto and East Feliciana.

In 1942 he again carried 62 parishes, losing St. Landry and St. Bernard.

In 1948 he carried 63 of the 64 parishes, losing only St. Mary.

No parish ever has voted against him in more than one contest. He gained majorities in Ouachita parish in 1936 and 1942, and a substantial plurality (barely short of a majority) over two opponents in 1948. In each of his contests he has carried the Fourth District—the seven Northwest Louisiana parishes—by a ratio of around two to one, never losing a single Fourth District parish except DeSoto 18 years ago.

Respected By All Leaders—

This support from all political directions is duplicated in the United States Senate in the outspoken respect of leaders not only of both the Democrat and Republican parties but of varying factions within each party.

Recently Senator Ellender's chief opponent in the present race erroneously attacked his legislative record on certain issues. The result was that in the past few weeks Senator Ellender has received letters of commendation for his Senate courses from GOP Senator Knowland of California, Eisenhower, Senate leader; Senator Styles Bridges of New Hampshire, Chairman of the Appropriations Committee and a Taft Republican; Senator Price Daniel of Texas, an Eisenhower Democrat; Senator Robert Kerr of Oklahoma, a Stevenson-Sparkman Democrat in the 1952 campaign; Deputy Undersecretary of State Thruston B. Morton; Foreign Aid Administrator Harold Stassen; Senator Milton Young of North Dakota, Chairman of the Civil Functions Subcommittee, and others of both parties and of varying party factions. He has the respect and friendship of all Southern Democratic Senators.

Because these letters correct erroneous campaign statements as to Senator Ellender's record in Congress, and because they demonstrate the esteem in which he is held by his colleagues in both parties in Washington, *The World* publishes a few of them on the opposite page today. They are a vital part of the Washington record of Senator Ellender—the record which we believe clearly warrants his renomination by the Democrats of Louisiana in the July 27th primary, a week from Tuesday.

Slow Mail Service

The only possible test of a postal service is to mail a letter and ascertain how soon it reaches its destination. The New York Times, possibly copying the Chicago Tribune, which annually test mails letters to all sections of the country, mailed letters to various sections of New York City, with interesting results.

Less than 50 per cent of the mailings reached the addressees on the second day. Some required four days—for delivery in the city in which they were mailed! If overnight delivery is the ideal for local mail service, New York City service can stand considerable improvement.

This sort of thing, the Times noted sententiously, could be bad in the case of theater tickets or insurance notices. Or checks, letters, etc.—and what about bills?

Failure of postal authorities to adjust their methods to basic changes in population distribution is back of all this, according to the Times. Either that, or poor mail distribution.

The Lies Continue

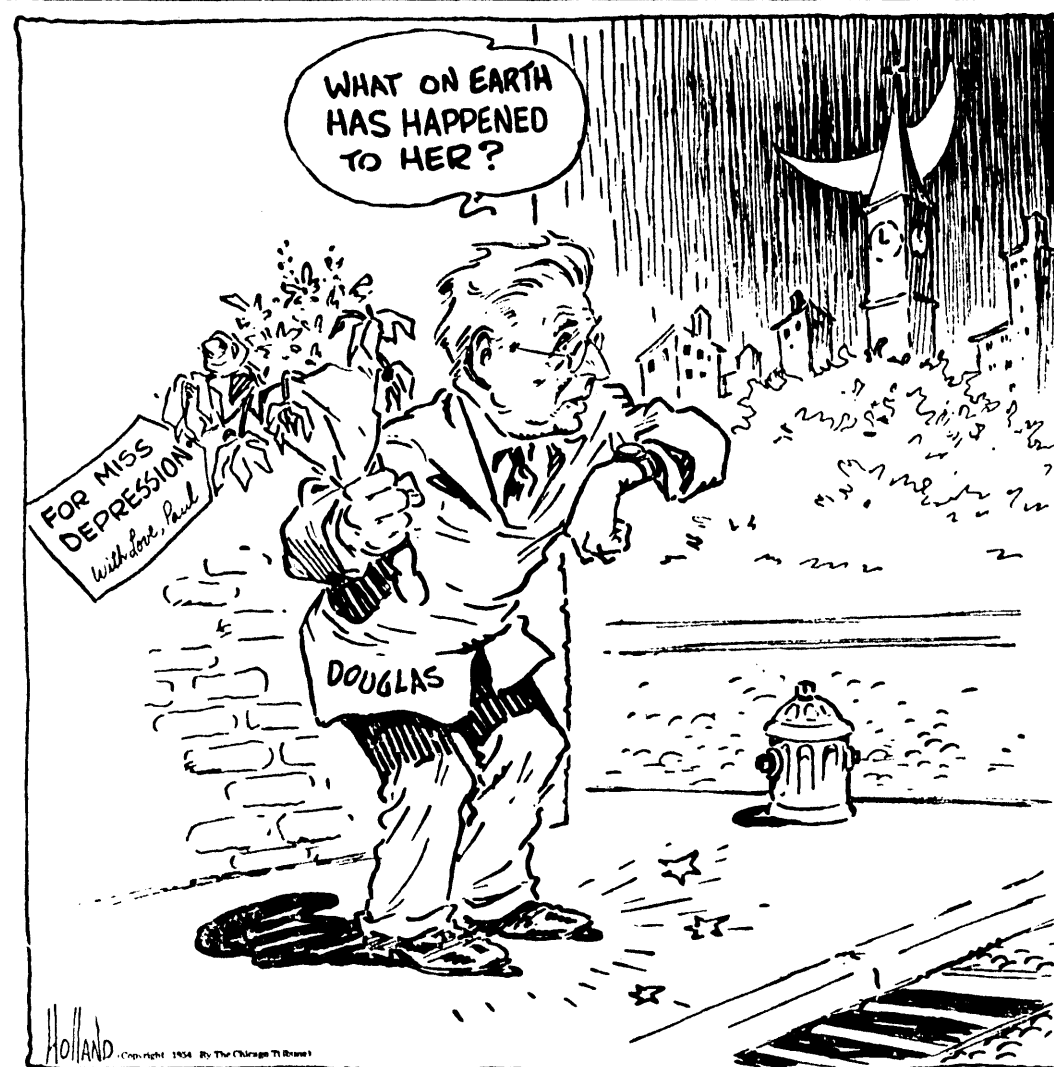

At almost mechanically regular intervals, Communist governments make alleged "peace overtures" toward the West, and particularly the United States. It'll be easier to believe there is a grain of sincerity in those gestures when Communism stops its campaign of outright, malignant lies against the free nations.

A typical example of this lying is found in *Tworozosz*, a paper which is printed in Communist Warsaw and which, like all papers behind the iron curtain, is a voice of the government. It said, "Today, a replica of Hitler's Brown House is being erected in the White House and five concentration camps are ready and prepared to swallow all noble spirits. . . . President Eisenhower proudly wears the old uniform of Hindenburg and the next national figure, Senator McCarthy, has already begun to repair a bloody brown rag worn by Hitler."

Does that look as if the Soviets want peace and understanding between the powers?

H-bombs seem to have become a new obstacle to the meek inheriting the earth.

Editor, Morning World:

An excerpt from an editorial in your paper concerning Facts Forum appeared in the July issue of Facts Forum News.

You said that "Facts Forum is a completely unbiased organization presenting both sides of any given issue."

I do not wish to argue a matter of opinion with you. I do wish to give you one small concrete example of proof of the contention that Facts Forum is not what you claim. I could give you numerous examples, but this one should suffice to convince you that another good look at Facts Forum is in order.

In the June issue of Facts Forum News, the first article, on Indo-China policy, quotes Senator William Jenner to support both the pro and con sides. See footnote 3, listing a speech by William Jenner as the source. The use of Senator Jenner's words on both sides is not quite cricket, is it?

Furthermore, you will find this quotation attributed to Senator Jenner: "India, Burma, and Indonesia may legitimately be called Soviet satellites." I have in my hand, to use a popular expression, a letter signed "I do not know where you saw a statement by me that India, Burma or Indonesia might legitimately be called Soviet satellites. What I said . . . is that 'neutrality' . . . actually works to help the Soviet plans for world conquest."

Senator Jenner backed up his disclaimer of the quotation attributed to him by Facts Forum with a copy of the speech in question. Nowhere in it do I find the quotation given by Facts Forum.

When Facts Forum will stoop so low as to distort the words of one of their own ideologists, isn't it time to stop believing everything you hear?

Shortly after his famous round-the-world trip last year, I dreamt that Adlai called me up. "Adlai," he said, "I found Europeans more scared of Joe than of Malenkov and the H-bomb. "Now Adlai," he said, "what I want you to do is to help me infiltrate this Fascist movement. If they really have what it takes to overthrow Eisenhower, I want to learn what makes it tick."

"That's easy," I replied, "I'll disguise myself as the China Lobby, and you won't need any disguise at all, except a new pair of shoes, because nobody remembers what you look like anyway. If you are challenged," I added, "just tell them you are an Irishman by the name of . . ."

Editor, Morning World:

In response to your editorial of July 13, I commend you for such a profound statement of the condition of our country. But since God has never let a calamity come upon a nation in which his people are involved, therefore the God of Heaven has given us the events that shall take place in our beloved has been republic.

The Bible said, "It is come out of the ground," opposite of waters, nations, tongues and peoples by the striving of the winds. But this country came up on this side of the waters, not by winds, but by discovery. President Theodore Roosevelt engraved this country over the head of the "Bull on the Nickel."

The horns are on their way up. A horn is the chief executive of a country. This republic is to change to a dictator, church and state, the two horns will be on its way. She is going to bring down fire greater than Hiroshima, then what? A religious crusade to force His mark, her last act. Do you know the image, name and number? Do you know what the "seventh thunders" uttered?"

Editor, Morning World:

The people of the South have the right to law as against anybody and to equal law with anybody. The American Constitution protects private rights. All races like to have things to themselves if we do live on the same land and under the same law. The white race's private rights are washed down the river and the homes transgressed by the Negro citizens.

All of this caused me to wonder if the principles of the Constitution are sold out for a cause. My own study of the Bible and of the Constitution has led me to the conclusion that the Ten Commandments are the cornerstone of the Constitution and the teachings of Christ are its fundamental principles.

The Divine law of God says each race live to himself, so this bunch of "root heads" has sold the white race out. If both races go to the same school then both races can own the same, something we are not guaranteed equal measure by the Constitution.

If the President of the United States interferences with your liberty unlawfully you may resist by force in proper cases and always by suit in the courts. If a policeman or a soldier arrests you without cause or a commission seizes your property you can disobey him. I must say at this time we are taking a car ride. I would say we need a club and give it a name like the "Golden Rule" and put teeth in it and we will all stand together. By doing this we will have everything. We are the people and we can be the people and at the same time the law.

BARBS

Too many auto drivers seem to forget that other drivers may be as careless as they are.

A mosquito can live a day and a half without nourishment. Likely because they get so much in just one sitting.

Watermelon season is here, but it's still better for kids to wash their ears with ordinary water.

Drive On In Congress To Boost Veterans' Benefits

WASHINGTON, July 18 (CQ)—The American people have paid more than \$70 billion on their incalculable debt to the men who have fought in all U. S. wars, and a drive is on in congress to add about \$230 million a year to the money spent for veterans benefits.

Using funds paid into the federal treasury by taxpayers, the veterans administration and earlier veterans agencies had, by the end of fiscal 1953, spent \$70,367,942,337 for such veterans benefits as compensation and pension payments, insurance, vocational rehabilitation, education and training, medical and dental care. The VA spending estimate for fiscal 1954 is \$5.9 billion—lowest since 1915.

The major portion of VA spending each year—\$2.4 billion in fiscal 1953—is for monthly compensation and pension payments to veterans and their dependents. Congress periodically has granted "cost-of-living" increases in the compensation and pension rates, the last one in 1952. A bill now pending would further increase the rates by an average 10 per cent, and would cost \$231 million in the first year of operation. Rules Roadblock

The bill was favorably reported May 28 by the house veterans affairs committee, although VA Administrator H. V. Hilder said its enactment "would not be in accord with the program of the president." But the measure was not cleared by the house rules committee, and Rep. Edith Nourse Rogers (R, Mass.), chairman of the veterans affairs unit, charged that congress was treating the veteran like a "stepchild."

A drive has been launched to force the bill out of the rules committee and onto the house floor for debate and action.

Rep. Edmund P. Radwan (R, N. Y.) July 2 offered a resolution calling for house consideration of the bill. Radwan July 14 said an attempt would be launched to obtain signatures of a majority of house members and force a vote on his resolution.

There are 216 veterans in the house—more than enough, if all were in agreement, to form the 218-signature needed for success of the discharge petition, and to supply the votes for agreement to Radwan's resolution and for passage of the committee-approved bill.

20 Million Vets

There are a record 20,731,000 living veterans, most of whom served in World War II or the Korean conflict. As voters, taxpayers, citizens of relatively high educational and income levels, and a potential trained fighting force, veterans are an important political, economic and social group.

In fiscal 1953 alone, the VA spent \$4,524,313,821. This table shows VA expenditures for the U. S.:

All VA programs, \$1,524,313,821. Compensation and pensions, \$2,376,306,523.

Insurance (3 programs), \$402,299,390.

Vocational rehabilitation, \$37,768,601.

Readjustment benefits (GI bill), \$733,128,902.

Administration, miscellaneous benefits, \$864,153,712.

Hospitals and domiciliary facilities, \$66,855,673.

Special automobiles, housing for paraplegics, \$2,809,010.

Three Problems

VA benefits programs have centered on three major problems: Readjustment from military to civilian life, the physical and financial difficulties of disabled ex-servicemen, and the needs of dependents of deceased veterans.

To help solve these problems, the VA spends several billion dollars a year for disability compensation and pension payments. There are 170 VA hospitals, where each day more than 100,000 veterans get free care, as well as more than 100 outpatient clinics.

In addition, the VA will pay up to \$1,000 of the cost of a special automobile for an eligible disabled veteran, and up to \$10,000 of the cost of special housing for a paraplegic. It will also provide care and housing for disabled veterans incapable of supporting themselves.

The 19-year-old "GI Bill of Rights" helped World War II servicemen readjust to civilian life by setting up a program of readjustment unemployment allowances, providing for guaranteed loans to 3.6 million veterans for homes, farms and businesses, and helping to finance education and training for 7.8 million veterans.

The World publishes herewith letters to United States Senator Allen J. Ellender of Louisiana from high federal officials of both the Republican and Democratic parties testifying to his stand on various issues on which he has been attacked erroneously by one of his opponents in the present Louisiana primary contest.

These letters give the best possible answer to the incorrect allegations which have been made against the Louisiana Senator, who has served in the Senate for 18 years and now is seeking renomination in the July 27th primaries to a fourth term. They are not solicited by Senator Ellender.

An editorial on Senator Ellender's record in the United States Senate appears on the opposite page today. The letters, including one to the Washington representative of a Louisiana newspaper, follow:

From Democratic Senator Robert S. Kerr of Oklahoma: Honorable Allen J. Ellender, United States Senate, Washington, D. C.

Dear Allen: Newspaper accounts have been brought to my attention, wherein one of your opponents has charged you with favoring Federal control of our oil and gas industries.

Your voting record proves that statement is not true. You worked ably and effectively and voted for the tidelands bill, validating your state's ownership and control of its submerged lands.

You worked effectively and voted for the so-called Kerr Natural Gas bill of 1950. That bill, which I sponsored, at the unanimous request of the Oklahoma Legislature, provided specifically that the Federal Power Commission would have no authority to control the production or regulate the price of natural gas. That bill was for the sole purpose of certifying the state's control and regulatory powers, and had President Truman not vetoed it, the Supreme Court would have been powerless to rule as it did in the recent Phillips case.

I will remember your speech favoring the bill and our colloquy following your speech. Your outstanding fight for that bill was another evidence of your staunch support of the principle of state's rights and your continued opposition to any control of the oil and gas industry by the Federal government.

With kindest personal regards, I am

Sincerely yours,

ROBERT S. KERR.

From Republican Senator Styles Bridges of New Hampshire, chairman of the Senate Appropriations Committee.

Hon. Allen J. Ellender, United States Senate, Washington, D. C.

Dear Allen: I am writing to thank you for the report you submitted for the use of the Committee outlining the result of your inspection trip thru Africa and Asia.

In the fall of 1952 your investigation in South America on behalf of the Committee, and the extremely valuable report you were able to provide the Committee, made possible a much more detailed knowledge concerning our government's activities in Latin America than would have been available otherwise. This, in turn, permitted a much more intelligent consideration of aid for these areas.

The extent to which this subject was treated in the Mutual Security appropriation hearings during the last session of the Congress is evidence of this.

Your recent extensive trip through Africa and Asia and the voluminous and perceptive report which you have made available to the Committee provide an insight into many of the international operations of our government that has already proved valuable and will, no doubt, prove to be of greater value when appropriations bills are considered by the Committee.

The quality, volume and detail contained in your report provide ample evidence of your industry and your attention to the welfare of the American taxpayers.

As you know, material gathered by you in the course of these investigations has been of great value in helping the Committee discharge its obligation of following activities of the Executive Branch in order to ensure compliance with the requirements of sound and orderly government and with the intent of the Congress.

I extend to you my appreciation and that of the Committee for having undertaken these arduous and exhaustive inspection trips.

With best personal regards, I am

Sincerely yours,

STYLES BRIDGES.

From Republican Senator Milton R. Young, Chairman of Senate Appropriations Subcommittee: Hon. Allen J. Ellender, United States Senate, Washington, D. C.

Dear Allen:

As chairman of the Appropriations Committee subcommittee, which this spring inspected United States Government facilities in Panama, I want to take this opportunity to thank you for your comprehensive recommendations as to savings which would be accomplished in the administration of Canal Zone affairs. Your inspection, made two years ago, and your report thereon, prompted the Canal Zone inspection by my subcommittee. We found that your recommendations were well founded, and have taken steps to see that they are promptly implemented.

The Panama Canal Company, and the three military services operating in the Canal Zone — the U. S. Army, the U. S. Navy and the U. S. Air Force — voluntarily approved many of your recommended money-saving changes. One of the most important of these recommendations concerned closing two of the four Federal hospitals operated in the Canal Zone. This

recommendation, which is now being effected, will save our government over \$1 million per year. Even after closing of the two hospitals, the remaining two will be operated at less than 50 per cent of capacity.

You are to be commended for your diligent and persistent efforts in bringing about this and many other great savings of Federal appropriations.

It has been my privilege to serve on both the Agriculture and Forestry and Appropriations Committees with you for several years. You have been most diligent in your work on these committees and certainly no member has been more effective and hard working than you.

My best wishes, my thanks, and — I am sure — the thanks of our taxpayers to you always!

Most sincerely yours,

MILTON R. YOUNG.

From Republican Senator William F. Knowland of California, Eisenhower Administration Senate Leader:

Honorable Allen J. Ellender, United States Senate, Washington, D. C.

Dear Allen: I know that you must derive a great deal of personal satisfaction out of the conference agreement on the Army Civil Functions Appropriation bill for 1955, particularly with respect to the consolidation of hospitals in the Canal Zone.

Your recommendations and personal observations of the conditions in the Canal Zone — as a result of your inspection both the year before last and again this year as a member of a subcommittee of the Subcommittee on Army Civil Functions — have been most helpful to the Committee in its deliberation on this matter.

Based on the information available to the Committee, the savings resulting from the consolidation of the hospitals alone will amount to approximately \$1,000,000 a year.

Your diligent attendance at the hearings and your contributions to the discussions at the executive sessions of the subcommittee have made you a most valued member of the subcommittee.

With best personal regards, I am

Sincerely yours,

WILLIAM F. KNOWLAND.

From Acting Deputy Secretary of State Thruston B. Morton:

Dear Senator Ellender:

This is with further reference of the matter of overseas reporting which was considered in some detail during our recent appropriations hearings. Your particular interest in this matter, which you indicate stemmed from your personal on-site surveys at Foreign Service posts, had to do with the various scope and volume of all types of political and economic reports. I would call your attention to the statements we have inserted on pages 887 and 898 of the Senate hearings which do indicate that the volume trend is in most particulars in a downward direction.

I would like to take this opportunity to state that your interest in the reporting as well as many other phases of Foreign Service administration has been very beneficial to the Department in its effort to maintain an efficient establishment. The Department wholeheartedly endorses frequent and extended travel by Members of Congress, particularly members of the Appropriations Committee, as the most satisfactory means by which a first-hand knowledge of our Foreign Service operating problems can be obtained.

Sincerely yours,

For the Secretary of State: THRUSTON B. MORTON.

Acting Deputy Under Secretary of State.

From Harold Stassen, Foreign Aid Administrator:

The Honorable Allen J. Ellender, Sr., United States Senate, Dear Senator Ellender:

In further comment upon your report, may I advise you that additional steps have been taken to improve the coordination between the United Nations Program and the United States Foreign Operations Program in Indonesia. I believe that duplication and cross purposes have been effectively eliminated, and that a more efficient combined activity has resulted.

As I indicated to you earlier, we are continuing to give careful analysis to your many penetrating comments based upon your firsthand observations of our important activities which we are carrying on in the interests of the United States under the President's Foreign Operations Program.

It seems quite clear that we will save substantial sums of money and gain better results as a consequence of the keen personal interest you have taken in the United States activities in these remote but highly important areas of the non-Communist nations of the world.

HAROLD STASSEN.

2 Local Girls Professional Dancing Team

Two Monroe girls, Clarice Roan and Mary Lou Johnston, professionally known as The Roan Sisters, are making quite a name for themselves in the professional dance world.

The two local girls have recently returned to Boston, Mass., after completing a six weeks tour of Canada. While in Canada they appeared at the LaTour Arena in Quebec City, proclaimed as one of the world's largest arenas.

Miss Roan and Miss Johnston, prior to their turning professional, had danced during the summer months at different hotels along the coast. Their acts consist of acrobatic, toe, ballet and tap dancing.

Before leaving Monroe Miss Roan was associated with her sister as an instructor in the Roan Dancing School. Miss Johnston was a student at the school.

Both have taken advanced study in New York and Chicago.

Tech Geology Students Home From Ga. Camp

RESTON, July 17 (Special) — Six Louisiana Tech geology students have recently completed five weeks of study at a summer geology camp in northwest Georgia.

James F. L. Connell, assistant professor of geology at Tech, reports the students were enrolled in a camp located in the Appalachian mountains just south of Chattanooga, Tenn. and operated by Emory University. The camp began June 14 and ended July 10.

Attending the camp from Tech were Willard S. Baker, Nabors, Lewis Sermons, Pineville, Howell Butler, West Monroe, Jerry Winston, Shreveport, Billy Bond Cooper, Oil City, and Lawrence McLean, Campt.

Jerry Winston to be graduated at the summer commencement exercises, will be the first graduate of the Tech department of petroleum engineering and geology to receive the B. A. degree in geology.

The students brought back for a Tech geology display a complete set of rocks and fossils from the Georgia camp area, Connell said.

It is planned to set up a series of rocks and fossils which can be studied by future geology students before going to summer camp in order that they might be familiar with the area.

Summer camp training is a required course at Tech for all geology majors.

5,598 Persons Register In LaSalle Parish

JENA, July 17 (Special) — The LaSalle parish registrar of voters office disclosed today that 5,598 voters had registered, a decline of more than 402 persons from the 1952 registration.

Registration figures for 1952 were 6,000 voters.

Of the 5,598 registered in the parish, one person declared himself to be a Republican and the one other an independent. A total of 429 Negroes registered.

The voting machine will be in effect for the July 27th election. Voting machines will be used for the first time.

Regular Dunbar Set For Monday

The next regular Dunbar of Swami Santha No. 102, Nomads of Avardaka, will be held Monday at Castle Hall, 127½ St. John at 8 p.m.

Ram Kato Smith requests all Nomads to attend Dunbar and bring in new applications for the next ceremony.

After the Dunbar, all Nomads of the group will motor to Hermiton park where the annual watermelon party is to be held. L. L. Blanchard will be host. Nomads are requested to wear Fez.

Canada's largest inland lakes, Great Bear and Great Slave, each is about half the size of Lake Michigan.

THE ROAN SISTERS — Dancing as a professional team in the eastern states and Canada are two young ladies from Monroe, Miss Mary Lou Johnston, standing, and Miss Clarice Roan, seated, are at present in Boston, Mass.

Assessor Office Commended By State Auditor

JENA, July 17 (Special) — The accounts and records of the assessor's salary fund of LaSalle parish, for the year ended Dec. 31, 1953, were given a clear bill of health in a letter received recently by James J. Basham, LaSalle parish assessor, from the office of Allison R. Kolb, state auditor, and signed by Leo Heribert, assistant state auditor.

"The records continued to be maintained in their usual excellent manner and we acknowledge with appreciation the courtesies extended our representative during the course of the examination," the letter stated.

A copy of the report also has been sent to V. L. Poole, parish treasurer and secretary of the LaSalle parish police jury.

The report pointed out that the surplus as of Dec. 31, 1953, consisted of cash in bank in the amount of \$716.47, as compared with a surplus of \$896.12 as of Dec. 31, 1952.

Efforts Made To Obtain Delivery Of Jena Mail

JENA, July 17 (Special) — Continued efforts to obtain household mail delivery for the town of Jena was voted by the Chamber of Commerce at its regular meeting this week, with P. C. Guilbrouse, Jena postmaster, and Post Office Inspector Robertson discussing the problems of instituting such service and the requirements before it can be instituted.

Guilbrouse pointed out that in order to qualify for house delivery of mail, the post office must show a minimum of \$10,000 per year in postal receipts. At present, the Jena office is averaging \$7,000 to \$7,500 per year. The post office must serve a minimum of 2500 within the area to be served by a city carrier and when it was pointed out that 800 or more persons voted in the last town election, it was believed that the town would meet that requirement. The 2500 persons served by the post office do not necessarily have to live within the corporate limits of the town, it was stated.

SESSUMS ON ACTIVE DUTY — EUGEN ROUGE — U.S. Air Force, Director of Roy Sermons today was on active duty as an Air Force colonel at Patrick Air Force Base, Fla. He is serving as assistant deputy chief of staff for material at an Air Force missile center while on two-weeks training.

Cooperative Meeting To Be July 20

FERRIDAY, July 17 (Special) — Thousands of farmer - owners of the local Concorvia Electric Cooperative, Inc., are expected to convene in Ferriday Tuesday, July 20 for the annual membership meeting slated to be held in the air - conditioned Arcade Theatre.

Mayor L. W. Davis has issued a proclamation declaring the event "Ferriday REA Appreciation Day," and local merchants will participate in the program with free prizes and special cut-rate bargains all during the day, according to C. A. Nelson, president of the Chamber of Commerce. Also, the Co-Op will award many attendance prizes.

In appreciation of the rural electrification program and its benefits to rural towns, as well as farmers, the membership will be feted with a free movie, free music, refreshments, and in addition to door prizes being awarded by the cooperative merchants.

Appointments Made By Free Methodists

JENA, July 17 (Special) — Pastoral appointments, made at the 72nd annual session of the Louisiana conference of the Free Methodist church held in conjunction with the conference's annual summer encampment at St. Ann's, south of Jena, were announced this week by Bishop C. V. Fairburn of Mississippi, Kan., who presided.

The Rev. H. A. Smith of Jena was appointed superintendent of the Louisiana district of the Louisiana conference, Free Methodist church, and pastors named were as follows:

Winnsboro and Pine Grove, the Rev. L. E. Bradford; Lumberville, the Rev. L. F. Lawrence; Chickasaw, the Rev. Boyce Keller; Sumnerville and Avondale, the Rev. Lawrence Poole; New Hope, the Rev. C. E. Baker; Columbia, the Rev. R. T. Fisher.

Martha's Chapel, the Rev. M. H. Arnold; Oak Grove, the Rev. H. T. Summers; Armo and Preconal, both churches to be supplied;

Shreveport, the Rev. T. F. Davis; West Monroe, the Rev. Kenneth Chapman; Jena, the Rev. V. T. Bradford, and Gulf Coast district pastor, the Rev. L. H. Reese of Grand Bay, Ala.

ALL FAITHS MEET HERE — J. W. Bennett, Memphis, Tenn. evangelist, of the Church of God holds services nightly at 8 o'clock in the church in the 500 block of Montgomery at Wheelis Street, West Monroe. He urges the sick and suffering to come to get relief.

Mr. Hootsell reported that she heard the hen fighting something at the edge of a patch of tall weeds and when she went to investigate found that the Bantam was trying to keep the snake away from the little chickens. Mrs. Hootsell shot a hoe, hit the snake once and it ran off through the weeds, but not before it had bitten the little hen twice.

In less than 30 minutes the brave little fighter was dead but her little chicks were saved.

Louisiana Solon Denies Threat To Rapides Registrar

ALEXANDRIA, La., July 17 (UP) — Rep. Lloyd G. Teekell today denied charges that he had threatened Rapides Parish Registrar of Voters James H. McCulley, McCulley accused Teekell of saying, "I'll get you" concerning a dispute over registration.

The Rapides parish representative said that he had made no such statement to McCulley, nor have "I never made such a statement to any public official." He added that he hardly knew the registrar, and that he did not remember being in the registrar's office "for the past year."

Two or three dozen people, however, have come to the office to protest McCulley's method of handling their registration. If these protests are true, he should review his method of treating people," Teekell said.

The Rev. H. A. Smith of Jena was appointed superintendent of the Louisiana district of the Louisiana conference, Free Methodist church, and pastors named were as follows:

Winnsboro and Pine Grove, the Rev. L. E. Bradford; Lumberville, the Rev. L. F. Lawrence; Chickasaw, the Rev. Boyce Keller; Sumnerville and Avondale, the Rev. Lawrence Poole; New Hope, the Rev. C. E. Baker; Columbia, the Rev. R. T. Fisher.

Martha's Chapel, the Rev. M. H. Arnold; Oak Grove, the Rev. H. T. Summers; Armo and Preconal, both churches to be supplied;

Shreveport, the Rev. T. F. Davis; West Monroe, the Rev. Kenneth Chapman; Jena, the Rev. V. T. Bradford, and Gulf Coast district pastor, the Rev. L. H. Reese of Grand Bay, Ala.

Mother Hen Loses Life For 'Chicks'

CLAYTON, July 17 (Special) — A little Bantam hen belonging to Mrs. Howard Hootsell, of Clayton, put up a brave fight with a huge water moccasin snake Friday in defense of her seven little baby chickens.

The baby chicks were saved, but the mother hen lost her own life in the effort.

Mrs. Hootsell reported that she heard the hen fighting something at the edge of a patch of tall weeds and when she went to investigate found that the Bantam was trying to keep the snake away from the little chickens. Mrs. Hootsell shot a hoe, hit the snake once and it ran off through the weeds, but not before it had bitten the little hen twice.

In less than 30 minutes the brave little fighter was dead but her little chicks were saved.

Delta Gains In Passenger Miles

ATLANTA, Ga., July 17 (Special) — Delta-C&S Air Lines during the month of June chalked up a record passenger mileage of 29,500,000 — a gain of 4,800,000 miles over the same month of last year — L. C. Parker, vice-president traffic and sales reported.

Available seat miles flown totaled 4,110,000, a 20 per cent increase compared to June, 1953.

The airline official said 99.83 per cent of seat miles scheduled were flown last month over the 10,000-mile Delta-C&S system.

Voters To Decide On 31 Constitutional Proposals During November Election

BATON ROUGE, July 17 (P.)—Here are the act numbers the secretary of state's office assigned today to the 31 constitutional proposals going before voters in the November election.

The order in which they will appear on ballots has not been determined.

11207 (McCollister et al) Authorize police juries to zone areas outside incorporated municipalities, provided residents in the area to be zoned give approval in special elections. Becomes act 737.

11245 (Roberts and McCollister) Creates family court for East Baton Rouge Parish. Becomes act 738.

11267 (Jack) Permits persons sentenced to more than five years on a felony to be released on parole pending appeal, except where capital punishment or life sentence is imposed. Becomes act 739.

11290 (Avenek and Grizzaffi) Allows legislature to authorize police juries to create recreation districts which can incur debt, issue bonds and levy taxes. Becomes act 740.

11273 (Shaw) Increases authority of Board of Education to include all of ward 4 of Washington Parish, if property owners approve before submission to voters of Louisiana. Becomes act 741.

11237 (Cagle and Jones) Require secretary-treasurer of each community center and playground district in Calcasieu Parish to post \$5,000 bond. Becomes act 750.

11256 (Ainsworth et al) Increase Orleans school board millage to 11.5 mills in 1955 and to 13 mills by 1959, and permit issuing up to \$10 million dollars in bonds. Becomes act 751.

11156 (Gravelot and Shields) Declares public elementary and secondary school education to come under inherent police power of state, and authorizes Legislature to call special elections on changes

Dr. Pankey Celebrates 75th Birthday

FERRIDAY, July 17 (Special)—One of northeast Louisiana's most faithful servants to the medical profession, Dr. J. H. Pankey, of Ferriday, this week celebrated his 75th birthday.

Dr. Pankey is one of the best known citizens of northeast Louisiana and has in his own rights been an "era of the medical world."

He was born at Hood's Mill, La., on July 13, 1879 and received his preliminary education at the Calhoun Collegiate Institute at Calhoun. He was later graduated from Louisiana Polytechnic Institute in Ruston and the George Peabody College in Nashville, Tenn.

Dr. Pankey has been actively practicing medicine, surgery and obstetrics for the past 54 years. He is a graduate of Emory University at Atlanta, Ga., Tulane of New Orleans and the University of Tennessee. In Nashville, among other honors bestowed on the Ferriday doctor is a fellowship in the American College of Surgeons, fellow of the Southeastern Congress of Surgeons, a member of the Louisiana Obstetrical and Gynecological Society, membership in

ety, Ouachita Parish Medical Society, the State and National Coroners Association.

The veteran doctor has given many years of service as coroner of Concordia parish and is written up in the "Who's Important in American Medicine."

In addition to his medical career, Dr. Pankey has been active in Masonic and civic work since he originally joined the organization in 1908. He has been a thirty-second degree Mason since 1916, a Shriner since 1917, and a Knight Templar for the past 15 years. He has also served as master and past master of many north Louisiana lodges.

During his residency in Monroe Dr. Pankey was an active member of the Kiwanis Club and was examining physician for the Boy Scout camp.

Dr. Pankey has been a member of the Methodist Church since early childhood and has served in many offices of the church during his lifetime.

NEW ORLEANS —UP— Joseph Tanner Moses, 31, Negro, yesterday was sentenced to eight years at Angola as a multiple offender. He was found guilty of armed robbery of a grocery store March 5, in which three shots were fired but no one was injured. He earlier had been convicted of grand larceny and simple burglary.

Two Producers Are Brought In During Week

Two producers, both located in the Monroe field of Union parish, were brought in during the past week, according to a weekly field report of oil and gas wells drilled and completed in the Monroe district for the period ending July 15.

The report, which included one other well plugged and abandoned and three new locations, was issued by the local office of the department of conservation, minerals division.

The producers were:

Fazel & Anderson Co.-Frost No. 23, completed on July 8 in 106 MCF at a depth of 2099 feet. It was located in Section 36, Township 21, Range 2E. The second producer was the **Fazel & Anderson Co.-Frost No. 25**, completed on July 12 in 2.8 MCF at a depth of 2099 feet. It is located in Section 25, Township 21, Range 2E.

The single well plugged and abandoned was the **California Co.-G. W. Gresson No. 1**, abandoned on July 9 in Sec. 48-22-13E.

New locations listed were:

Concordia parish could call field.—Olin Gas Trans. Corp. A. B. Leach, et al No. C-1, beginning at the north-west corner of Sec. 27, thence north 67 degrees east 4497 and south 23 degrees east 4617 to location in Sec. 27-28E. (Horsehoe field, D. E. Vasser-B. D. King et al No. 2, 1876-N-660 W. of the southeast corner, Sec. 1-6-7E).

Tensas parish (Rodney Island field).—McGinnick - Short - Randolph & Jeff Drilling Co. J. M. Harper et al No. 1, from a point between Secs. 12 and 13 on meander line 1830, go north five degrees 15 west 3710' to location in Sec. 12-19-12E.

Shoe Repairman Critically Shot At New Orleans

NEW ORLEANS, July 17 (UP)—A 47-year-old shoe repairman today was in critical condition from a gunshot wound and another man was being held by police after a quarrel over a community bathroom.

The victim, Joseph Orchippinti, was shot in the abdomen last night, and police said Charles C. Ginlee, 65, was being held pending investigation of attempted murder.

Police said that Orchippinti was in his shop last night when Ginlee allegedly opened fire four times with a .38-caliber revolver. Orchippinti staggered to the street and lay on the ground before slumping to the pavement.

Two different motives for the shooting were given police. Ginlee claimed that he shot Orchippinti because he was "overly attentive" to Mrs. C. Ginlee.

A witness, Matthew Diehl, gave another version. He said Ginlee complained that there was not enough privacy at the Ginlees' apartment because a community bathroom was adjacent to it.

Coroner Returns Accident Verdict In 3 Drownings

RINGGOLD, La., July 17 (UP)—Verdicts of death by accidental drowning were returned today in the deaths of a heroic 52-year-old mother and two of her daughters.

Mrs. Roland Wiggins, a farm wife, was drowned yesterday in a vain attempt to rescue her two daughters, Joyce Flame, 16, and Vivian Arlene, 8, from a fishing pond.

Sheriff Herbert Davis of Bienville parish said the two girls could not swim, and stepped into deep water while playing in the pond. Mrs. Wiggins rushed to their rescue with her clothes on and was pulled under by the girls holding on to her too tightly. All drowned before and could be recovered.

The sheriff said that the tragedy happened on the farm of the dead woman's brother-in-law, Pugh Fowler, in the Pleasant Grove community near here.

Dr. Claude Ferguson, Bienville parish coroner, returned the verdict today after performing an autopsy.

NEW ORLEANS, July 17 (UP)—Criminal sheriff Louis Heald said today that parish prison deputies were cleared of charges they beat a prisoner.

He said the beating "never took place" and no action was planned against the deputies.

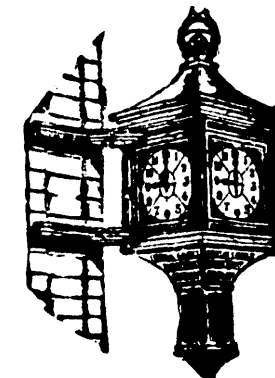

Russell Cook, 22, claimed that deputies beat him after finding a hypodermic needle and a syringe in his possession while he was in prison on a charge of possessing narcotics.

Marine Reserve Leaves For Duty

NEW ORLEANS, July 17 (UP)—Some 100 members of a Marine air reserve unit here were scheduled to leave by plane today for Cherry Point, N.C., Marine Corps' largest air station for two weeks maneuvers.

Marine Fighter Squadron 143 includes some 110 flyers, ground officers and ground crewmen. Maj. Carl Bernard commands the group.

The unit includes men from sections of Louisiana, Mississippi, Florida, Texas and Alabama. It is one of 12 fighter squadrons and five air control units scheduled to take part in maneuvers. About 2,000 Marines, representing half the total Marine air reserve strength, will train at Cherry Point. The other half will report to the Marine Corps Air Station at El Toro, Calif.

Big News - "as time goes on"

We shall begin, very shortly, our project of complete modernization and expansion of our bank building—DeSiard and Jackson—at a cost in excess of three hundred thousand.

The contract is now being closed, plans and specifications are being drawn, and, after a few weeks of preliminaries like the calling for bids and assembly of material, the big job of remodeling our entire interior with expansion into our adjoining building, under supervision of Bank Building and Equipment Corporation, should begin with a bang.

There will be no interruption in our regular banking business—possibly some construction noise and dust—but, after ten or twelve months from now, we shall repay you for this inconvenience by placing at your disposal a most modern, attractive and spacious set up—something which should keep pace with rapidly growing Monroe for perhaps another 48 years of our life.

Ask to see our plans and perspective drawings. We shall use this column from time to time, to keep you posted—"as time goes on"

Boatright, Parker Joining Ouachita Coaching Staff

Ex-Lion Athletes Will Aid Hodgkins With Grid Squad

Mark Boatright and Robert Earl Parker, who enjoyed parallel athletic careers in high school and college, return to the scenes of their earliest triumphs as coaches as they join the Ouachita Parish High School staff of Head Coach Jim Hodgkins.

Coach Hodgkins yesterday announced Boatright, who is classed with Frank Mobley and Bob Carter as among the finest backs ever produced under Hodgkins at Ouachita, will join the Lions as assistant backfield coach.

Parker, who performed on the grid as a guard and tackle, will also handle Ouachita's eighth grade team in addition to assisting Coach Hodgkins with the Lion varsity.

Herbert H. Holliman remains in his usual capacity as line coach of the Lions.

Boatright, who has played quarterback and halfback, and Parker played on the same high school teams at Ouachita where they graduated after the 1949 season. Both spent their freshman college year at Tulane University and spent the last three years playing for Coach Jim Mahoue, now retired, at Northeast Louisiana State College here.

Hodgkins said he welcomed the addition of Parker and Boatright to his staff. "I don't know of two finer young men I would rather have," the Lion tutor said.

Boatright is also an adept baseball player, and Coach Hodgkins, who also handles Ouachita diamond teams, said "I don't know but what I might turn baseball over to Boatright, too."

Ouachita right now is planning to begin fall football practice about August 16.

18 Entries Listed As Jaycee Junior Contenders Here

Eighteen entries had been registered yesterday for the annual Louisiana state championship Jaycee Junior Golf Tournament opening Wednesday, and Ben Marshall, state tourney chairman, said at least 100 more are expected. The tournament runs three days at Bayou de l'Asse Country Club.

Already entered are Eddie Ross, Marvin Kraft, John Melton, Larry Clark, and Jackie O'Neill, Baton Rouge; Tom Wilf, Ed Weitz, and Fritz Dahlberg, New Orleans; George Thorngren, Bernice Gordon Roundtree, defending champion, and John Byrd Jr., Terry Kennedy, Sammy Love, and Ted Look, Shreveport; and the Monroe district winning quartet of Roy Nash, Ed Watkins, Jackie Rivers, and Don Sims.

Entries from Lake Providence, Lafayette, and possibly a few other cities are expected tomorrow.

Lake Providence yesterday qualified Johnny O'Shea, Baxter Deal, Fred Schneider, and "Busher" Minsky at the district tournament there, and also is expected to send Phil Montgomery, fifth place finisher, to the state event.

First Glance Takes Wilson Handicap To Pay Backers \$30.10

NEW YORK, July 17 (AP)—Just like his famous daddy, Discovery, did almost 20 years ago, First Glance rushed up along the rail in the final yards today to capture the \$23,300 Wilson Handicap by a neck at an exciting finish for a crowd of 32,025 at Jamaica.

The Chewwater Stable's Dark Peter, who looked like a winner in the stretch, finished second in the six-furlong sprint, contested by nine horses, Jan Burke's Squared Away was third.

Delson Shoe Store bested Golden Royal Ice Cream two out of three games and total pins, and Skinner's Ho-Made Cream pulled into a first place tie with Golden Royal in the Summer Bowling League No. 2 by splitting even on four points with United Gas. Story, with a 118 game and 320 series, led the Delson victory while Lil Windham sparked Royal with a 141 game and 380 series.

United Gas won two games, but Skinner's got one and total pins to gain the even break. Vera Wright had a high 132 game and 337 series for Skinner.

Ouachita Bankers, headed by Joyce Smith's 333 game and 348 series, swept three games and pins from F. Strauss and Son, Betty Alpha led Strauss with 118-318.

Team No. 3 claimed a forfeit, good for four points, from Team No. 9 to take the lead in Summer League No. 3 by a single point over Team No. 6 which had a field day in sweeping a series from Team No. 10. Peggy Grigsby rolled a 191 high game for No. 3, and Bill Dyer showed a 468 series.

Ed Villa went wild in leading the Team No. 6 win with left-handed games of 205, 215, 203 for a sizzling 623 series. Evelyn Moore's 154 game and Koon's 387 series topped No. 10.

Team No. 1 stopped LaCarra Grocery in all three games with Red Holley standing in the spotlight with a 204 game and 563 series for the winners. B. Johnson rolled 170-442 to lead LaCarra.

Team No. 4, with fine help from Vera Panich, bested Frenches Cafe two out of three games and total pins. Little Vera posted a 181 game and 410 series. McKenzie paced Frenches with a 174 game and 467 series.

Golden Bowling Center, with Keith Moore and D. Fleming teaming up, stopped Team No. 5, 164 out of three and total pins. Moore had a 160 high game, and Fleming showed a 452 high series. Schockan led No. 5 with 166-434.

Bastrop's Club Will Host 'Dog Fight' Tourney

BASTROP, La., July 17 (Special)—A "dog fight" golf tournament that will team a professional with three amateurs of varying scratch ability is scheduled for the Morehouse Country Club here Monday afternoon, beginning at 1 o'clock. It will be the third in a series of such unique tournaments that originated in this area at McGuire Park in West Monroe and was played last Monday over the Municipal course in Monroe.

Twin City Junior Qualifying Tests Now In Progress

Qualifying for the Twin City Junior golf championship, scheduled to open July 27 at Municipal Golf Club here, continues through July 26 and many of the sub-18-year-olds are expected to play their qualifying rounds this week. Qualifying started Friday over the Mungy course. The tournament is open to all boys of Monroe and West Monroe who will not have reached their eighteenth birthday by July 31, the final day of the tournament.

Steve Henry, a 12-year-old, is the defending champion. The meet will be played in flights of eight with the championship flight winner to receive the trophy to be presented by Wayne Huckabee, commissioner of streets and parks of Monroe.

An entry fee of \$1 is charged on each player registration, and Hugh A. Britt, club professional, invites any youngsters desiring tournament information to contact him at the Municipal club.

Babe Ruth League

The Babe Ruth League Tigers gained a notch in the league standings with their 22-1 drubbing of the cellar-dwelling Reds yesterday. Minton and Ragan were the winning battery, and Howse, Kincaid, G. Webb and Johnson hurled for the Reds, with Aaron catching. Leading hitters for the Tigers were Caldwell, with three for three; King, with three for five; Ragan, with two for three; and Rains, with one for one. Harrellson had a double, as did King and Ragan. For the losers, with Reggie Minton hurling four-hit ball for the Tigers, there were no leading hitters.

Phils Whip Reds, 5-3, Hand Moore His 1st Triumph

CINCINNATI, July 17 (AP)—Granny Hamner's ninth inning home run with Stan Lopata on base gave the Philadelphia Phils a 5-3 victory over the Cincinnati Reds today in the opening game of the north Louisiana regional playoffs.

R. D. Farr Jr., Fifth District Legion baseball chairman, last night announced arrangements for the playoff with Joe Oliphant, Minden, Fourth District chairman, representing his area.

The second game of the series is scheduled for Wednesday night, beginning at 8 o'clock, at Minden, and if a third game is necessary to determine the playoff winner it will also be played at Minden Thursday night.

Minden won its district championship by beating out Seven-Up of Shreveport in their final series the past week.

Coach Loy Scarborough of West Monroe last night said he plans to lead with his ace hurler, Wayne Hendricks, against the Monday night visitors.

West Monroe's American Legion Junior baseball club, the Oneco Sales outfit that recently sewed up its first Fifth District championship, will meet Minden's Juniors, champions of the Fourth District, here tomorrow night at 8 o'clock at Legion Memorial Stadium in the opening game of the north Louisiana regional playoffs.

FIVE GENERATIONS—Recently assembled at the home of Mrs. L. M. Johnston, of Mercedes, Texas, were five generations. Mrs. Johnston, 89, is the mother of Sgt. Charlie Johnston of the West Monroe Police force. Left to right they are: Mrs. L. M. Johnston, Mrs. M. B. McGee, daughter, Mrs. W. B. Allen, granddaughter, Paul Lee Allen and son, J. B. Allen, great grandson and great great grandson.

Family Reunion Is Surprise For Police Sergeant

Little did Sergeant Charlie Johnston, 205 Cypress, a member of the West Monroe Police Department, know what a pleasant surprise his recent visit with his mother in Mercedes, Texas would hold for him.

To his delight and pleasure he found represented and assembled at the home of his mother, Mrs. L. M. Johnston of Mercedes, five generations of the Johnston family.

According to Sgt. Johnston, his mother was 89 years young this

past July 15th. She is still very active and does all of her housework.

She and her husband traveling by horse and wagon, from Mobile, Alabama, of which they were natives, settled in Hidalgo County, Texas in the year 1879. Mercedes is in Hidalgo County. Mrs. Johnston, along with some of the members of her family, has resided there ever since.

The director of the Bureau of Engraving and Printing is titled the Public Printer of the United States.

Submarines did an estimated 75 per cent of all damage inflicted on ships during wartime.

FPC Revision Of Gas Price Freeze Asked By Solon

WASHINGTON, July 17 (AP)—Sen. Johnson (D-Tex.) appealed to the Federal Power Commission today to hold up or revise its order freezing wholesale natural gas prices. He called it "hasty and ill advised."

Johnson, Democratic Senate leader, made public a letter sent to Chairman J. K. Kuykendall of the commission, protesting the freeze order as "one that will create disorder and consternation in the industry."

"At the very least, it will mean confusion and red tape which will place a severe strain upon products," Johnson said.

The FPC order, issued yesterday, was the first step toward federal regulation of rates of independent natural gas producers in accordance with a recent Supreme Court decision. Protests against it indicated there may be a new drive in Congress to bar such regulation.

WAC Recruiter Sets Interviews In City Monday

Li. Laverne Wachuta, WAC procurement officer for the North Louisiana District, is scheduled to be in Monroe Monday to test and interview applicants for the Women's Army Corps. During her stay in Monroe she may be contacted at the U. S. Army Recruiting Station, Room 217, Post Office Building. In announcing her plans to be in

Monroe, the lieutenant pointed out, that the WAC offers women many benefits not usually found in private industry. WAC personnel, she said, are offered free medical and dental care, a free \$10,000 life insurance policy, and clothing allowances, as well as room and board. There are also a number of WAC's receive training which will prepare them for good paying jobs when they return to civilian life, she said.

"In the WAC," she continued, "a woman finds comradeship which is unmatched in civilian life."

Higgs-Kyson Wedding Is Solemnized

DODSON — Friday evening in a home ceremony in the presence of members of the two families and a few close friends, Miss Barbara Kyson of Winnfield became the bride of J. A. Higgs, Jr. of Dodson. The bride is the daughter of Mr. and Mrs. Troy Kyson of Winnfield and the groom's parents are Mr. and Mrs. J. A. Higgs of Dodson.

Before an improvised altar banked with gladioli and greenery and flanked by tapers in branched candelabra the Rev. Harrison Cockerman read the impressive double ring ceremony.

Lighting the candles prior to the ceremony were Misses Tommie Clara Strickland and Edith Ann Higgs.

The bride's only attendant who was maid of honor was Miss Fannie Howell of Jonesboro. She was lovely in a pink faille suit with white accessories.

Attending as best man was Claude Ray Adams, a cousin of the groom.

The bride, given in marriage by her father, was wearing a street length gown of ice blue Christalite, with which she wore white accessories. She carried a white Bible centered with white ribbons and the cascading white ribbons were tied with love knots.

Following the ceremony an informal reception was held. The bride's table was centered with a three tiered wedding cake which was served by Miss Linnie V. Higgs and Miss Inogene Higgs presided at the punch bowl.

Mr. Higgs is a graduate of the Dodson High School and the bride plans to complete her senior year in the Winnfield High in '55. The couple are at home in Winnfield.

Leather is a highlight of the Chicago Furniture Market, with 80 per cent of furniture manufacturers featuring it in sofa beds, tables, chairs and desks. Miss Leon Kirby, Dr. Richardson Exchange Vows

Claiming wide social interest was the marriage of Miss Leon Kirby, daughter of Mrs. Mary Dayton Kirby and the late Mr. Leon Kirby to Dr. Orville Jay Richardson of Harrisonburg. He is the son of Mrs. Irene Randall Richardson and the late Dr. Orville J. Richardson of Manifest.

The ceremony was performed in the home of the bride's sister, Mrs. Clyde R. Webber in Ferriday. The Reverend O. J. McNair of Jonesville, read the vows, before an improvised altar banked with greenery and white blossoms. Arrangements of white flowers were used throughout the house. Mrs. O. R. Wister, aunt of the bride, furnished the wedding music. Members of the immediate families were present.

The bride wore a summer frock of soft rose organza with white accessories. She carried a prayer book topped with white carnations and satin ribbons.

Mrs. Richardson graduated from Neville High School. She was a member of Lambda Sigma Chi sorority and head drum major of the Neville High School band. She attended Tulane University and is now enrolled in Touro School of Nursing, where she will graduate in October.

Dr. Richardson graduated from Louisiana State University and the Medical School of the University. He is president of the Rotary Club and head of the Harrisonburg Hospital and Clinic in Harrisonburg, where they will make their home after a short honeymoon.

CLEANING COTTONS

Many of the new cotton fabrics are treated with resin, to give wrinkle resistance or glazed sheen. To bleach such cottons use a perborate bleach rather than one with chlorine. Garment labels should give this information. Rid grease spots by sponging with a grease solvent cleaning fluid before laundering.

MRS. BENJAMIN C. BAUGH

Baugh-Jones Vows Pledged In Kingston, N. C., Church

The wedding of Miss Caroline Tyson Jones and Doctor Benjamin C. Baugh was solemnized at Kingston, N. C., on Wednesday evening at seven o'clock in the Gordon Street Christian Church with Doctor J. Clinton Bradshaw officiating.

The bride is the daughter of Mr. and Mrs. Jay Carl Jones, Sr. of Kingston and Doctor Baugh is the son of Mr. and Mrs. Emmett Edwin Baugh of Ruston.

The wedding music was rendered by Mrs. T. V. Moseley, organist and Mr. Paul M. Cox, soloist, of New Bern. Mr. Cox sang "With This Ring I Thee Wed" and "I'll Walk Beside Thee" was played during the vows. "The Wedding Prayer" was used at the close of the ceremony.

The bride, given in marriage by her father, wore a wedding gown of imported white silk satin, fashioned with a round neck sprinkled with pearls and iridescent sequins. The double pleated bouffant skirt extended into a cathedral train. Her fingertip veil of imported silk illusion was attached to a pill box hat trimmed with pearls and iridescent sequins. She carried a cascade bouquet of gypsophila, baby calla lilies and white bride's roses, centered with a white purple throated orchid, tied with bridal ribbon.

Mrs. Charles F. Richards, sister of the bride, was matron-of-honor. She was attired in a strapless mint green gown of silk organza, designed on princess lines fashioned with matching cape. The circular skirt extended into a full train. She carried a natural willow double ring designed in a crescent bouquet of rainbow colored pompoms, tied with rainbow ribbon. In her hair she used rainbow pompoms.

Bridesmaids were Mesdames J. Carl Jones, Jr., B. Frank Jones and Guy L. Jones, sisters-in-law of the bride. Miss Carlain Richards, niece of the bride was junior bridesmaid. They were attired in gowns designed from the honor attendant. Each carried an arm basket of natural willow showered with rainbow pompoms, tied with rainbow ribbons.

Captain Howard Baugh, Pensacola, Fla., was best man for his brother. Ushers were B. Frank Jones, Guy L. Jones, brothers of the bride, Charles F. Richards, brother-in-law of the bride, and Theodore Richards, nephew of the bride.

The bride's mother wore a mauve gown of nylon net and silk taffeta. The bodice featured sequin and pearl trim. She used rhinestone accessories and wore a purple orchid corsage. The bridegroom's mother wore a gown of turquoise silk taffeta with rhinestone trim. She used rhinestone accessories and wore a purple orchid corsage.

Immediately following the ceremony a reception was held at the home of the bride's parents.

For traveling the bride wore a blue silk crepe sheath dress and matching jacket with which she used navy accessories and the white orchid, lifted from her wedding bouquet.

The bride received a bachelor

How To Care For Swim Suit

To keep well swim-suited during the summer, wash your suit after every wearing to protect the color and fabric from body acids, salt water, chlorine and sand. If you use soap, make sure it is gentle. Never rinse in hot water.

Don't put the suit through a mechanical wringer, but squeeze excess water out with a slight twisting action. Keep it away from garments of other colors until it is completely dry. Let the suit dry in a cool, dry, shady but not dark place. Drape it over the clothes line and avoid hanging it with pins.

The bride-elect attended Louisiana State University and was a member of Phi Mu sorority. She received her degree from Louisiana Polytechnic Institute in Ruston.

Mr. Herron attended Louisiana State University and graduated from Southwestern in Lafayette. He has served in the Pacific theater with the Airborne.

The wedding will be solemnized August 14, at the Ridge Avenue Baptist Church.

North Louisiana parishes especially Winn, Jackson, Rapides, Grant, Webster, Lincoln, Ouachita and Vernon as well as many who will journey here from various states.

The reunion will be held while the Hudson Holiness Camp meeting is in progress. This annual event was organized in the year 1899 by the Gaars and for many years directed by them, among them will be remembered the

Mrs. Brantley Honored At Lovely Party

On Saturday afternoon the home of Mrs. Lavelle Dean in Farmerville was the scene of a lovely miscellaneous shower honoring Mrs. Joe Brantley, who before her recent marriage, was Miss Barbara Dean. The co-hostesses were Mrs. Avis Nyegaard and Mrs. Ben Ward.

The guests were greeted by Mrs. Dean and received by the honoree, who was wearing a model of fig-

ured brown and gold silk, and her mother, Mrs. Elgin, who was attired in a dress of powder blue nylon.

Miss Jean Carroll Dean registered the guests in the bride's book, after which they viewed the lovely display of gifts.

The guests were ushered by Mrs. Dean into the dining room where dainty refreshments were served from a table overlaid with a beautiful white linen cut-work cloth, which held for central decor a low arrangement of painted daisies.

Mrs. Fern Taylor, Miss Faith Dean and Miss Patty Jo Dean alternated at the punch bowl.

Lovely arrangements of summer flowers were placed at vantage points throughout the reception rooms. A large number of guests called during the receiving hours of 3 and 5 o'clock.

Faye Johnson's Engagement Is Announced Today

Mr. and Mrs. Stephen N. Johnson of Reidhimer, announce the engagement of their daughter, Miss Faye Del Johnson, to Shelton H. Robinson, son of Mr. Homer Robinson and the late Mrs. Eva Allen Robinson, of Danville.

The Briarwood Baptist Church of Reidhimer will be the scene of the nuptial event on Sunday, Aug. 22, at 4 p.m., with the Rev. Edward P. Burke, pastor of Emmanuel Baptist Church, Natchitoches, officiating.

The bride-elect is a graduate of Reidhimer High School and Northwestern State College, having re-

ceived her B. A. degree in elementary education in May, 1954.

Mr. Robinson is a graduate of the Friendship High School and Northwestern State College, where he received the B. A. degree in government and sociology in January, 1952.

The young couple will make their home in Shreveport.

MISS MILDRED ESTELLE TINSLEY'S betrothal to Kenneth Eugene Bates, son of Mr. and Mrs. A. R. Bates of West Monroe, is announced today by her parents, Mr. and Mrs. Earl Tinsley of Ruston. The wedding will be solemnized at the First Baptist Church in Ruston, Sunday, August 15.

MISS POLLY RAGLAND'S engagement to Jerry Eugene Reid, son of Mr. and Mrs. Joseph Reid of Monroe, is announced today by her parents, Mr. and Mrs. Willie Lee Ragland of West Monroe. The wedding will be an event of early August at the First Methodist Church in West Monroe.

MISS PEARL LEE, daughter of Mr. and Mrs. C. E. Lee of West Monroe, will become the bride of James L. Sowell, Jr., son of Mr. and Mrs. James L. Sowell of West Monroe on August 1 at 2:30 o'clock at the Peniel Baptist Church.

Tech Students Pledge Vows In Church Ceremony

RUSTON — Miss Freda Grambling, daughter of Mr. and Mrs. P. G. Grambling, Jr. of Ruston, became the bride of Mr. Charles Lee Gandy, son of Mr. and Mrs. Carl Albine Gandy of Homer, in an impressive ceremony at the First Baptist Church of Ruston on Friday at seven o'clock with Rev. G. Avery Lee officiating.

Tall baskets of white gladiolus and stock were placed against a background of palms and green

and white calladium leaves to form a decorative setting for the ceremony. Graceful white tapers, burning in tall branched candelabras cast a soft glow over the setting. Prior to the nuptials, the candles were lighted by Mr. Snider Gandy of Bossier City and Dr. Robert Lacy of El Dorado, as "Clair De Lune" was softly played on the organ.

"Because" was sung at the beginning of the service by Mr. Marvin Solley. He also sang "The Lord's Prayer" at the close of the nuptial vows. Miss Mary Ann McLaurin was organist for the wedding.

The bride, given in marriage by her father, was wearing a gown of white tulle and chantilly lace

over taffeta. The round neckline and short cap sleeves of the fitted bodice were edged with seed pearls, beaded in a flower design. The bouffant skirt had a short train and was enhanced by a wide band of lace which encircled the skirt and rounded to a point in front. Her fingertip veil was edged with lace and fell from a delicate crown of pearls. She wore elbow length mitts of lace and her slippers were of white satin. The cascade bouquet was of feathered carnations, centered with a white orchid.

Mrs. F. W. Shipley of Natchez, Miss. served her sister as matron-of-honor. Miss Nona Tonn of Jennings was maid of honor, while bridesmaids were Misses Nancy Barber, Dorothy Elita Goff, Nancy

Post, and Dorothy Woodard, all of Ruston.

They wore identical gowns of Nile green tulle over taffeta, styled with fitted bodice and full skirt. They carried fans of white chantilly lace on which clusters of garnet roses and white satin streamers were placed.

Misses Kay Barham of Springhill and Mary Ellen Lacy of Magnolia, Ark. were flower girls. Their dresses were similar to those of the bridesmaids.

Carl A. Gandy, Sr. of Homer, was best man.

Carl A. Gandy, Jr. of St. Louis, Mo., brother of the groom, Sonny King of Homer, Sterling S. Lacy, Jr. of Magnolia, Ark., Jere P. Slocum, Bill Carter, and Robert Jim-

erson, all three of Ruston, served as ushers.

Mrs. Grambling chose for her daughter's wedding a floor-length gown of pink lace. Mrs. Gandy, mother of the groom, wore a dress of blue lace. Their corsages were of pink rosebuds.

Following the ceremony, Mr. and Mrs. Grambling were hosts at a reception in the church parlor. Receiving with the hosts were Mrs. Gandy, mother of the groom, Mrs. P. G. Grambling, Sr. of Ruston, and Mrs. Gray G. Barham of Oak Ridge, grandmothers of the bride, the bride and groom and members of the wedding party.

The bride's table was decorated in yellow and white. White shasta daisies were arranged in a crystal centerpiece to form the central ar-

angement, with tall white tapers on either side. The three-tiered cake was topped with a white satin wedding bell and was placed at one end of the table, which was covered with a white damask cloth. At the opposite end was placed the crystal punch bowl. Mrs. C. W. McConathy of Shreveport, Mrs. Carl A. Gandy, Jr. of St. Louis, Mo., and Mrs. Gray S. Barham of Springhill alternated at the punch service.

Miss Dorothy Upchurch presided at the bride's book. Also assisting in the reception courtesies were Misses Carolyn Simmons, Lil Ledbetter, Martha Peden, Cynthia Taylor, and Diane Ford, all of Ruston. When Mr. and Mrs. Gandy left on a short trip to New Orleans, she was wearing a suit-dress of

blue phantung, which featured a short waist-length jacket and full skirt. Her accessories were white and her corsage was the white orchid from her wedding bouquet. Upon their return, they will make their home in Ruston where both are students at Louisiana Tech. Mrs. Gandy is a sophomore in mathematics education and is a member of Sigma Kappa social sorority. He is majoring in electrical engineering and will receive his degree in January.

Out-of-town guests for the wedding included: Mr. and Mrs. Alfred K. Gandy, Mr. and Mrs. Clyde McConathy, Mr. and Mrs. Jack Barham, Mrs. James H. Weyland, and Mrs. R. A. DeLee, all of Shreveport; Mr. King Mott, Mrs. Joe Mott, Mrs. R. E. Barham, Mr. William Barham, Mrs. Gray Bar-

ham, and Mrs. T. T. Files, all of Oak Ridge; Mrs. May Powers of Monroe; Mrs. N. H. Nattin, Mrs. Hall Nattin, Mrs. Lucille Carroll, M.s. Gertrude Bridewell, Mrs. Grady Mullinnix, Mrs. C. Turner, Mr. and Mrs. S. W. Tucker, Rev. and Mrs. Leonard R. Swinney and sons; Mrs. Joe Kendrick, all of Homer; Dr. and Mrs. R. E. Lacy, Mr. and Mrs. S. S. Lacy, Sr., of El Dorado, Ark.; Mr. and Mrs. Sterling S. Lacy, Jr. of Magnolia, Ark.; Mr. R. W. Morgan of Camden, Ark. Mr. and Mrs. Gray Barham and children of Springhill; Mr. and Mrs. C. A. Gandy, Jr. of St. Louis, Mo.; Mr. and Mrs. L. V. Walker and Mrs. B. A. Madden of Arcadia.

To remove butter stain, launder in warm, soapy water.

MR. AND MRS. ROBERT PRESTON PARKS

Parks-Gates Vows Said In Linville

The Liberty Baptist Church was the scene Tuesday evening at 6 o'clock of the marriage of Miss Joan Gates, daughter of Mrs. R. O. Love of Linville and the late John W. Gates, and Robert Preston Parks, son of Mr. and Mrs. Ernest Parks of Spencer. The Reverend G. F. Smothers officiated.

The church was beautifully decorated with baskets of white gladioli and magnolia against a background of green and candles burning in branched candelabra.

Music was rendered by Miss Elaine Allen and Miss Mildred Sue Johnson sang "Always" and "The Lord's Prayer." The candles were lighted by Mrs. John R. Franklin and Miss Vera Lou Blazier to the

strains of "Through the Years." Their dresses were of pink organdy and they wore head pieces of baby carnations.

Given in marriage by her uncle, Lonnie Smith, the bride was lovely in a gown of white lace and net over satin. Topping the bodice was a lace jacket with a Peter Pan collar and long sleeves tapering to points over the wrists and buttoned with tiny self-covered buttons. Her shoulder-length veil of illusion fell from a satin cap intricately edged with tiny seed pearls. Her bouquet was an orchid and carnations mounted on a white Bible.

Mrs. John Earl Gates, sister-in-law of the bride, was matron of honor and only attendant. Her dress was of pale blue organdy styled on the same line as the candles lighter's and she carried a nosegay of pink carnations. Little Misses Gail and Judy Thomas, nieces of the bridegroom, served as flower girls.

Merlin Thomas was the bridegroom's best man and ushers were Don Smothers and Billy Blazier. Immediately following the ceremony, a reception was held in the home of the bride's parents. The bride's table, laid with a white lace cloth, was centered with a crystal bowl of sweet peas. Crystal candelabra, in which white candles burned, were placed on each side. The three tiered wedding cake, iced in white with pink roses decorating each tier was topped by a miniature bride and bridegroom. It was served by Miss Nelda Reppond while Miss Gloria Love and Miss Ann Love ladled punch.

Later in the evening, the bridal

PAINTING RADIATORS

Clean your radiator thoroughly before painting it. Use a long-handled 1 1/2 inch brush to paint the insides of the flutings first. Slide a stiff piece of paper under the radiator to protect the floor. To estimate the amount of paint you'll need, measure the front area of the radiator and multiply by seven.

A coat of paint applied to new outdoor iron will keep the metal from rusting.

Highlight Features
At Farm Week

Visitors to Farm and Home Week August 9-12 will be entertained at two receptions. President and Mrs. Troy Middleton will entertain guests Tuesday, August 10th between 4:30 and 6:00 p.m.

Governor and Mrs. Kennon will be hosts at the governor's mansion Wednesday between 4 to 6 p.m. Farmers and homemakers, visiting L. S. U. at this time, are invited to attend. The Farm and Home Week program covers recent developments in almost every phase of farming and homemaking. Visitors will be housed at no cost to them in L. S. U. dormitories and may take their meals at L. S. U. cafeterias. Since the buildings at L. S. U. are so far apart on the campus, L. S. U. Extension Service has provided free bus service on regular schedule from dormitories to various buildings where meetings will be conducted. Leaflets giving the program for the entire week may be obtained by calling 3-2251.

Service. Select firm, sound fruit, discarding broken or overripe figs (these may be used in jam or conserve). Sprinkle one cup of baking soda over six quarts of figs and cover with six quarts of boiling water to remove peel. Allow them to stand for 15 minutes; drain off soda solution, and rinse until soda is removed. Let drain. Prepare a syrup using five pounds of sugar and four quarts of water, boil 10 minutes and skim; add well drained figs gradually so as not to cool syrup. Cook rapidly until figs are clear and tender (about 2 hours). When figs are transparent and syrup is consistency of honey, cover and let stand overnight. Next morning pack figs in cold sterilized jars. Fill with syrup and seal. Process 25 minutes at simmering temperature.

Your Problems

By ANN LANDERS

Insecticides

Use malathion to kill aphids, spider mites, bean beetles, squash bugs, harlequin bugs, houseflies, elm leaf beetles, roaches, blister beetles, potato bugs and squash vine borers. It is not effective in the control of soil pests and most worms, although it serves well as most controls for cabbage worms.

Black Spot On Roses

Regular treatment for black spot diseases on roses throughout the summer is profitable. Sprays or dusts every week or 10 days are advised, ferrous sulfate, copper products and captan all control the disease, and since some of these give occasional foliage injury, alternating the materials is advised. Sulfur is the treatment for mildew on roses, but since it is a preventive and not a cure it should be applied before any evidence of mildew appears.

Spray violets and amaryllis with fermetate, also, for leaf spot.

Pantry Suggestions

Why not enroll in the pantry contest which is sponsored each year by the Monroe Kiwanis Club. There are five prizes: \$30 for first, \$25 for second, \$20 for third, \$15 for fourth and \$10 for fifth. Call the agent if interested and get details. Having a pantry filled with beautiful and tasty products is a satisfying achievement to any housewife and with the vegetable and fruit supply in Ouachita Parish, it is possible for any housewife to achieve it.

Trouble in Making Brined Pickles:

The trouble with soft pickles is a mold which grows in the flowers of cucumber plants. USDA testers say the cured cucumbers were firm when flower-free and thoroughly washed, and soft when cucumbers possessed many flowers. The food fermentation scientists say that the mold from the flowers gets into the brine.

Fig Products

Isn't it wonderful to have fresh figs again. Let's hope our trees will not be frozen again for a long, long time. Figs are delicious served fresh and any surplus can be canned, frozen or made into heavier sweets as jam, preserves, or conserve.

Since we are about out of bulletins here is the preserve recipe recommended by the Extension

Hard of Hearing?

Are you sacrificing better hearing to a cheap price? You can buy hearing aids, some of which are new, at a cheap price. If you value one of your most important senses cheaply, you will get some help.

But if you want the best, as most Americans do, you'll pay more for a Sonotone. And you'll be everlastingly thankful you did!

Users constantly tell us that no hearing aid they have worn outperforms Sonotone. Few come close.

In addition, your instrument is personally fitted by Sonotone's own trained technicians, who will work with you after your purchase to see that you really receive the better hearing to which you are entitled.

Remember SONOTONE, the name you can trust.

How To Wash New Fabrics

Launder nylon articles apart from colored things in water as hot as the hand can stand. Mild bleaches on yellow or stained nylon will not be harmful.

Orlon garments can be machine washed if seams are constructed so they will not fray. If spin-dry equipment is used, the article may require ironing. Orlon washed by hand needs no ironing, provided seams and hems are smoothed out. A moderately hot iron, set at the rayon mark, should be used.

Spots on suits made of Dacron can easily be removed with soap and water. Standard household cleaning fluids also will take care of dirt. If you use soap with hard water, add a softener to the suds and to the first rinse.

For normal soil removal, especially with knit garments of the newer fibers, squeeze the suds through the fabric instead of rubbing it. For heavily soiled areas bar soap is helpful, followed by a thorough washing with a synthetic detergent.

Watch that vacuum bottle you take along on picnics! Keep it clean! Ever so often pour a solution of baking soda and warm water into the bottle and shake; rinse a few times with clean water and invert to dry.

News From The Public Library

For the past few weeks the mid-summer slump in the publishing field has affected the Ouachita Parish Public Library, and very few new books have been added to the collection. However, this week we have some books that are interesting enough to bring to your attention.

Probably the most compelling book of the lot is "The Fall of a Titan" by Igor Gouzenko. It is a novel of the tragedy and redemption of a great man who wrought evil while seeking good. The Titan of the title is a world-famous writer, a Russian humanist whose writings inspired the revolution. When he is stunned into silence by the NKVD he has wrought, the NKVD decides to bring him back to the fold or to arrange his secret destruction. The struggle between these two—the old revolutionary and the new Soviet man—is played out during the middle thirties, when Stalin was all powerful. Its setting is interesting and its universal theme provides a compelling insight into human capacity for good and evil.

"Paris Original" by Alexander Orme is a perfectly fascinating story of a beautiful young girl, set in one of the glittering fashion salons of Paris. Kristine, the heroine, is a beautiful young Polish girl, whose life is shattered in two, before and after the Russians. She is now working as a recep-

Slouchy Look' Shown At Fall Fashion Show

NEW YORK (AP)—The "swan-neck" sweater, with an outside turtle neck which pulls up over the head to form a hood, is Claire McCordell's contribution to the fall fashion line.

This casual designer long has anticipated the "Slouchy Look" so important in the fall collections, and has been training her models to slouch for years. This time she underscores the sweater dress, which is simply an elongated tube sweater, worn with or without a narrow belt.

The bloused waist-length jacket is a particular pet of the careless Claire, who likes it so well that she shows two in one costume—one over the other, with a matching skirt.

Outstanding are her tweeds in unusual muted colors and her amber brushed wools and velveteens combined with soft pink or bright red blouses and matching amber "Junk Jewelry," also designed by Miss McCordell.

For the college crowd she shows the wildly popular knee-length skirts in bright corduroy or wool, and trouser-pleated slacks with fly-fronts boasting brass buttons. The "clochette" silhouette is the

Why Grow Old?

By Josephine Lowman

Look Good At The Beach, Here Are Some Tips

There is a style bathing suit for one of those types which is beltless every figure. It is truly surprising what a difference a suit can make in the way you look on the beach, or on the river bank. Here are a few things to remember.

1. If you are short or overweight do not wear a two piece suit. This makes you look shorter or broader just as a wide belt will. Use a one-piece suit. If you are tall and slender the two piece suit is flattering to you.

Skimpy Skirt

2. Swim suits with skirts are attractive on many women of all ages. However, if shortness or overweight are problems I suggest

3. Remember that shiny materials make you look fatter.

4. Of course black is slimming and this is one time when you can wear it without feeling older.

5. Take advantage of waterproof lotions and creams and mascara. Remember the little trick of wrapping a piece of chamomile about your head at your hairline before putting on your bathing cap. This helps keep your hair dry.

Leg Exercise

6. The upper inner leg line is one of the first places a woman shows her age, figurewise. The leg motion in the breast stroke is wonderful for firming this. Also hang onto the float or raft and do the following. Separate your legs as far as comfortable. Bring them together. Continue separating and bringing together. Keep the knees stiff throughout this exercise. The resistance of the water makes this a splendid exercise for correcting bulging thighs and a flabby inner leg.

If you would like to have my exercises for reducing the thighs send a stamped, self-addressed envelope with your request for leaflet No. 4 "Reducing the Thighs," to Josephine Lowman in care of Morning World.

Ruston Student Candidate For National Title

RUSTON, July 17 (Special)—Betty Hendershot, of Ruston, a student at Louisiana Tech, is a candidate for national sweetheart of Tau Kappa Epsilon, social fraternity.

Miss Hendershot has been entered in the race by the Tech chapter of TKE, which last spring chose her as its sweetheart.

National headquarters of TKE in Champaign, Ill., announce that "The Four Freshmen," recording artists and members of the fraternity, will be the judges in the national competition. Winners will be announced on September 1.

Yielding for the national title will be 100 girls representing TKE chapters throughout the country. The winners will be featured on a special school year calendar.

Miss Hendershot, who is majoring in secretarial science, will be a junior at Tech this fall.

Oak Ridge Lions To Name Good Citizen Of 1954

OAK RIDGE, July 17 (Special)—The Oak Ridge Lions Club will name the Good Citizen of the Year at their annual picnic supper on August 18 at the high school ball park. The selection has been made by secret ballot of the club members from a list of nominees.

General chairman for the occasion will be E. M. Barham, according to Lion President Charles G. Rolfe. Others serving on the committee are: meat, C. E. Shepard; drinks, W. P. Smith; invitations, W. M. Nolan; tables, H. A. Pipes, Sr.; supplies, J. S. Barr; clean-up, N. W. Mott.

The first annual Good-Citizen-of-Oak Ridge award went to Mrs. Dorothy West Barham in 1953.

To give your body complexion a wonderful glow and stimulate sluggish circulation as well, give yourself a salt scrub. Using table salt, sprinkle a body brush and scrub every inch of your body. Then follow this with a shower.

Abandon Search For Missing Raft

SAN FRANCISCO, July 18 (AP)—The Coast Guard called off today a search for the raft Lehl, but the sponsor of the ill-fated expedition to Hawaii said he planned to try to recapture the abandoned craft. Dr. Arthur Fearon, University of San Francisco philosophy professor estimated the Lehl is worth \$10,000 as she rides the waves somewhere off the central California coast.

Aboard are a radio, generator, microscope, cameras, sleeping and survival equipment and the crew's personal effects.

Dr. Fearon and Devere F. Baker, the Lehl's skipper, said they planned to charter a seaplane, find the canary yellow raft, set down next to her and let Baker, Fearon's son Joe and Judge Hawks, both crew members, bring the derelict back to San Francisco. The raft has two outboard motors for emergency power.

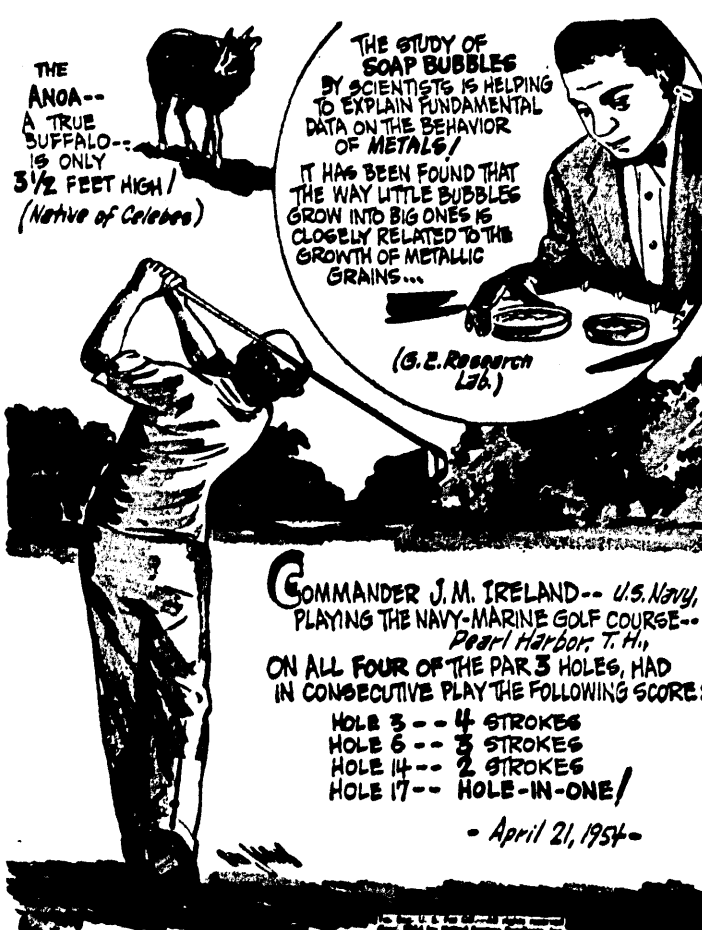

Dr. Fearon said he had invested \$17,000 in the expedition and wants to try again.

Baker and four other crewmen were rescued from the Lehl by the banana freighter Metapan yesterday after attempting vainly to drift 2,400 miles to Hawaii. The expedition ended six days after it began and only 62 miles out.

When the Titanic sank, 1517 lives were lost.

MONROE FURNITURE CO., INC.

JAMES V. REID

Noted Evangelist To Visit Monroe This Thursday

James V. Reid of Fort Worth, Tex., who is known by a large number of persons in this area, will be in Monroe for several days this week and will appear at the First Methodist Church on Thursday. The program will take place in the fellowship hall of the educational building.

Mr. Reid will show films on his latest trip through Central America, which was the 20th missionary evangelistic tour which he has made.

The films to be shown will include work in Guatemala, Costa Rica and Cuba as well as other countries in Central America.

Mr. Reid has acquired the unique title of being "a missionary to missionaries." Being an accomplished musician, his music and leadership in song is much in demand among these people whom he has served for a quarter of a century.

Since the situation in Guatemala is and has been tense, Mr. Reid will bring many timely comments concerning his association with the natives of this interesting neighbor to the south.

The public is cordially invited to hear Mr. Reid.

Rev. Johnson Completes Tenth Year In Monroe

Today marks the tenth anniversary of Rev. and Mrs. C. Roger Johnson with the Central Baptist Church of Monroe. They came to Monroe from the First Baptist Church of Pontiac, Mich., ten years ago to begin their ministry here. Other pastorates are First Baptist Church of Nash, Okla., and First Baptist Church of Swartz, La., and Toga Baptist Church of Toga, La.

During the past ten years there have been 1,355 additions to the church—534 for baptism and 821 by letter. The property value in 1954 was \$9,000.00 and today it is valued at \$130,000.00 and has an indebtedness of approximately \$33,000.00. Total gifts received during this period amount to \$264,614.60, with \$35,934.84 given to missions. Central Church took the lead in organizing the Memorial Park Baptist Church of this city and is now sponsoring the Fellowship Baptist Mission.

Those who entered full-time Christian service are Rev. Walter A. Bennett, Jr., Rev. and Mrs. W. T. Squires, Mary Evelyn Fox, Mr. and Mrs. Charles B. Littleton, Mr. and Mrs. Roy Jones, and Mr. Charles Wood.

On Thursday night, July 22nd, between 7 p. m. and 9 p. m. there will be open house to commemorate the pastor's tenth anniversary. It will be held in the social room of the church and all members and friends are cordially invited to attend. The W. M. U. and its organizations are sponsoring the open house.

Young Preachers To Take Pulpit At Edgewood

Two outstanding young preachers will preach Sunday at the Edgewood Baptist Church in West Monroe. Rev. Perry Lassiter, son of Mr. and Mrs. Albin Lassiter of Monroe and a student of Baylor University, will preach at the 10:50 a. m. service. Rev. Lassiter is a graduate of Neville High and has just completed his first year at Baylor. He is a volunteer for service as a foreign missionary.

For the 8 p. m. service, Rev. Robert Green will be the speaker. Rev. Green attended school in Tennessee and is currently making his plans to finish his college work at Louisiana College. Rev. Green is a graduate of Ouachita High and with his wife and family reside in West Monroe.

The pastor, Rev. O. P. Bazer, is in Mississippi preaching in a revival meeting and stated before he left that a large crowd was expected at each service to hear these outstanding young men.

Ala. Presbyterians To Hold Revival Week Of Aug. 1-8

The Rev. John W. Lancaster, who is pastor of the First Southern Presbyterian Church of Austin, Tex., will be in charge of the Alabama Presbyterian Church revival which begins Aug. 1. The revival will continue for one week. Services will begin Sunday morning at the 11 a. m. service.

During the week Rev. Lancaster will teach a course in Psalms at 10 a. m. each day and will conduct night services at 8 p. m.

Start Baptists Plan Revival Meeting Soon

Start Baptist Church members are anticipating the beginning of their annual summer revival which begins July 2 and continues through August 1.

The Rev. H. R. Herrington, pastor of the First Baptist Church in Ravenna, will be bringing the spiritual teachings to the congregation with services being held at 11 a. m. and 8 p. m.

Bro. Bob Wells, remembered for his outstanding work in the youth revival at Start, will be directing the musical aspects of the meetings.

Rev. J. S. Deal, pastor, invites everyone to attend the services.

TO PREACH SUNDAY

Rev. C. M. Sathamer, well known evangelist, will preach at the Calvary Baptist Church Sunday at both services in absence of the pastor, Rev. D. W. Nix, who is conducting a revival meeting in a tent in the Lakeshore subdivision.

GENE MUCKLEROY

Gene Muckleroy Finance Chairman In Coming Crusade

Gene Muckleroy has been chosen financial chairman of the Crusade for Christ, led by the youth of the 19 Baptist churches of the Trenton Association. The crusade will begin August 12 and continue through Aug. 22.

Muckleroy is one of the three members of the steering committee which will direct the overall crusade. This is the greatest organized religious campaign conducted in the parish by the youth.

Rev. Richard Stillner will serve as youth pastor and crusade chairman. The meetings will be held in the Ouachita Valley Fair Grounds building.

Memorial Church Will Observe Dinner On Ground

Memorial Methodists will hear the Rev. James T. Harris, district superintendent of the Monroe district of the Methodist Church, preach at 11:00 a. m. today, and after the meeting will observe an old custom of the church with a dinner - on - the - ground.

The occasion for this special day is "Enrollment Day" - a special effort to raise \$10,000 for the building fund before October 17. One hundred families or individuals are being sought for membership in this club which challenges its members to raise one hundred dollars each in the three month period.

Holy communion will be observed. Music, under the direction of Mrs. A. R. Kilpatrick, will include special communion music.

The evening service will feature singing, prayer time, special music by the junior choir with Mrs. Kenny Willis directing. The pastor will preach.

Fairbanks Meth. Holding Revival

The Rev. Preston Holley will be the speaker for revival services, which begin today at the Fairbanks Methodist Church. These services will continue through Saturday, July 24 with two meetings slated each day.

Time for the services are 10 a. m. and 7:30 p. m.

Tommy Ragland of Haynesville will lead the song services.

Officers Of Eros FFA Chapter Meet

EROS, July 17 (Special)—The officers of the Eros FFA chapter held a meeting here this week and discussed club business and the raising of funds for the chapter. The entire club will meet July 27.

The following officers were present: advisor Kenneth Salisbury; president, Glen Lewis; secretary, Wayne Bunn; treasurer, Harold Wayne Kilpatrick; reporter, Roger Lewis; sentinel, Jerry Stuckey.

AT LITTLE CREEK

AT LITTLE CREEK — Rev. Marvin H. Corley, pastor of the Baker Methodist Church, Baker, La., will conduct a revival at the Little Creek Methodist Church July 19 through 24. Rev. Corley is a graduate of La. Tech and received his seminary training at Perkins School of Theology at Southern Methodist University.

THE HOME SHIFT—

Mulch And Soak
To Save Flowers

The drouth and heat continue to take their toll of plants, even if you're watering and mulching. However, soaking every two weeks will save most of your treasured trees and shrubs, along with a good deep mulch.

Annals

Any annual in bloom now would certainly be classed as a hot weather plant. About this time of year we begin to get dissatisfied with the absence of color in our gardens and wonder why we didn't plant more annuals earlier in the summer. So instead of buying a new hat for a pick-up, it's not too late to plant a package of zinnia seed. Study the seed rack in your favorite seed store or nursery for the variety. They've never found one as dwarf as I'd like. There's much work attached to those annuals that grow and fall over in the beds. Of course, keeping the blooms cut will help keep the size under control. The same thing is true of marigolds and they will really take the heat.

Castor bean is considered an annual. It grows tall, has tropical-looking large leaves and interesting seed pods that the flower arranger loves. There's a green and red leaved one.

Thunbergia or Mexican sun flower is bright orange. The old varieties grow very tall but the new one, Torch, is supposed to grow only four feet. They bloom in late summer.

Bells of Ireland never fail to intrigue. Many gardeners say it can be planted any month of the year. The flower has green cups arranged in circles around the stem, very beautiful for cutting.

Petunia is a satisfactory plant for north Louisiana, but I'd advise growers to buy the plants in the spring as the seed are so tiny and are usually lost in the planting—not satisfactory as a cut flower.

The summer poinsettia is a satisfactory foliage annual. It resembles the Christmas poinsettia. Katie Mae Thornhill gave me some plants many years ago and I've enjoyed them in my garden. They resented and come up year after year. Mrs. Josie Faulk uses this plant to advantage in her yard.

The sunflower has come a long way in the last few years. The double ones resemble the dahlia—easily grown.

Celosia or cockscomb is coming back into popularity. There's the crested and the plumed. They grow better in poor soil. They are excellent keepers as cut flowers.

Ageratum is a satisfactory blue plant. It's a floppy little bloom very pretty as a border but not too satisfactory as a cut flower.

There are many other annuals that do well in north Louisiana, but I can't discuss them all. They are gallardia, portulaca, balsam, phlox, red and blue salvia, esprius vine, morning glory, straw flower or immortelle, snow on the mountain, nicotiana.

Plentiful Foods
Foods on the best buy list are: Tomatoes, fruits and juices, cantaloupe, watermelons, grapes, turkeys, eggs, dairy products and fresh home grown vegetables.

Household Hints
Housewives are using lots of refreshing summer desserts and drinks. Here's a tip: Lemons stay fresh longer if kept in a jar of water in the refrigerator.

Vinegar rubbed on fish will make the scales easier to remove. Pour vinegar over the hands to take away the fish odor then boil some vinegar in the pot to clean it of odors.

Did you know — that you should never wash eggs before putting them in your refrigerator? The natural coating called the "bloom" should be left on the egg shell to prevent drying out and to keep bacteria from entering.

Did you know — that it's much easier to separate egg yolks and whites when the eggs are just taken out of the refrigerator? And—that whites beat up stiffer when you leave them at room temperature for a while before beating?

Did you know — that you should have liver in your menu frequent-

ly, if you have dry, lustreless hair? This meat is rich in vitamin A and quality proteins, both of which are known to aid hair health.

Announcements

Urban as well as rural home-makers (and husbands) are invited to Farm and Home Week at L. S. U. August 9-12. The lectures and demonstrations will bring visitors up to date on recent developments in almost every phase of farming and homemaking. Visitors will be housed at no cost to them in L. S. U. dormitories, but will be required to bring their own linens.

Home Economist, Aline Losseigne, will teach a bride's cooking class July 22, 27, 29th at 7:00 p.m. Applicants are asked to phone 3-7716 to register. Brides, as defined by Aline, include those girls who have been married a year or less and those planning to be married.

A number of calls have come in asking about the TV show on making aluminum trays. The show was postponed due to illness. Mrs. Waller and Mrs. White will give you this demonstration on Tuesday, August 3rd at 1:30 p.m. This coming Tuesday, July 20th, Mrs. Florence Abington, specialist from LSU will give us a very fine family counseling show. Don't fail to tune in to see this demonstration. The time is 1:30 p.m.

See you next Sunday.

Armed Services

FAR EAST (PHNOC) — Marine Pte. Thomas H. Jones, son of Percy Jones of 108 Center St., Rayville, La., recently arrived at Incheon Harbor aboard the transport Gen. John Pope to join the 1st Marine Division in Korea.

The division has been in Korea since shortly after the outbreak of the conflict. From that time until the truce, Marines served almost continuously on the front lines.

The 1st Marine Division was awarded two Presidential Unit Citations for outstanding combat efficiency during the Inchon landing and the Chosin Reservoir action.

PORT EUSTIS, Va.—Sergeant Eddie J. Honeycutt, the son of Mr. and Mrs. Womach Honeycutt, 1506 Wood Street, Monroe, La., was recently assigned to Headquarters Company, 2164 Area Service Unit, Port Eustis, Virginia. He is a Master Mea Cutter at the Central Meat Cutting Plant.

Sergeant Honeycutt, a native of Monroe, entered the military service in January, 1941. After completion of his Army basic training at Fort Benning, Georgia, he was sent to Europe where he remained from February 1941 to September 1945. Sergeant Honeycutt returned to the United States, and in July 1946 was sent to the Far East, returning in July 1948. He was stationed at Camp Leroy Johnson, New Orleans, La., until his transfer to Port Eustis. Sergeant Honeycutt joined his present unit in June 1954.

His wife is the former Pauline Quinn, Monroe, La. The couple are residing at 702 41st Street, Newport News, Va.

FAR EAST (PHNOC) — Marine Pte. Harold Oden, son of Mr. and Mrs. Curtis Oden of Winper, La., recently arrived at Incheon Harbor aboard the transport Gen. John Pope to join the 1st Marine Division in Korea.

The division has been in Korea since shortly after the outbreak of the conflict. From that time until the truce, Marines served almost continuously on the front lines.

PUSAN MILITARY POST, Korea — Army Pte. Francis H. L. Varino, son of Mr. and Mrs. George V. Varino, 101 Richmond St., Monroe, La., is now serving in Korea with the 4th Engineer Construction Group's 453d Engineer Construction Battalion.

The 23-year-old Monroe soldier is a construction foreman in the outfit, which helps maintain and construct Korean Communications Zone transportation facilities.

Varino entered the Army in September 1953 and was last stationed at the Eta Jima (Japan) Specialists School.

Activities

The College Heights Garden Club of Monroe provided our colorful flower show this week. Mrs. Archie Dickerson and Mrs. Kent Breard served as judges. Mrs. H. F. Shepard was awarded first place for a lovely green and white arrangement in a tall green glass pitcher.

Mrs. Shepard combined variegated euonymus and petalanthus (red-bird cactus) with caladium leaves and altheas as a focal point. Second place award to Mrs. Colene Mann.

In a low dark green container Mrs. Mann created a triangular arrangement of yellow helianthus, orange lantana and red orange geranium, using chrysanthemum foliage as a background. Third place went to Mrs. John Tolar for a delightful vegetable arrangement. In a pedestal type basket of natural straw color, Mrs. Tolar designed a vegetable arrangement using corn tassel, corn okra, aqua green pepper, small gourds and purple hull peas.

Mrs. Elbert Finley was also awarded a third place. In a white basket, Mrs. Finley made a beautiful mass design in tins, shades and tones of orange, using montebretia and self foliage, fantasy zinnias and coleus. Mrs. Finley was also awarded a blue ribbon for her wonderful specimen plant of philodendron.

This week a small number of flower arrangers had the very great pleasure of attending a two-day flower arrangement class taught by Mrs. W. E. Talbert of Fort Worth. The center had very short notice in which to arrange this class and we contacted as many as possible by telephone. As individual instruction is given the classes are limited in size. Mrs. Talbert will be back in this vicinity in November and will be available for classes at that time.

If you are interested in these classes please contact the center right away so that we can schedule these classes for November. It is a two day school, four hours instruction each day. Let us hear from you.

Thought you would like to hear what some of the garden clubs are doing. The Morehouse Parish club are making plans for the Morehouse Parish Fair and Flower Show to be held Oct. 21. East Carroll Garden Club members are working on their year books and sponsoring a "Garden of the Month" feature. Delhi Garden Club is organizing and sponsoring a Junior Garden Club. We need more junior groups.

The Monroe Garden Club is completing arrangements for the Gregory Conway lecture here in Monroe, September 20th. Marion Garden Club is having their election this month. Madison Parish Garden Club members had a most enjoyable picnic before disbanding for the summer.

Wisher Garden Club had the pleasure of hearing Mrs. Ben Coulter in a program on "Long Lasting Arrangements for the Third Garden."

Hearty congratulations to the Green Thumb Garden Club of Monroe who had the high score for the month ending June 15. Mrs. D. F. Dennis, president of the club was presented with the cash award.

MODEST MISSES
RUSSELL, Kan.—Russell's high school girls are just as modern as any of their sisters anywhere, but

When it was suggested that candidates for "Miss Russell High of 1954" wear bathing suits in their parade before the judges and the student body, most of the girls balked.

They wanted to wear formals. They did.

September 1953 an was last stationed at the Eta Jima (Japan) Specialists School.

JUNIOR HIGH SCHOOL TYPISTS — Future business office experts are in the making at Northeast State, where typing on the junior high school level is being taught in the Campus Laboratory School for the first time this summer. The picture shows Richard Clanton, assistant state supervisor of business education, observing the progress being made by Charlie Hinton and Marie Peazel, two members of a large class. Clanton came from the State Department of Education to study the project. (Staff photo by John Oldenburg)

Monroe Firemen
Put Out 3 Fires

Monroe firemen Saturday morning extinguished three fires occurring at different times between 3 a.m. and 7:30 a.m., they reported.

The most serious of the fires was at Albright sawmill on the White's Ferry road. Firemen said sparks from the mill blew into a pile of lumber, catching it on fire. The lumber was burned, but the blaze was extinguished before it reached the mill, firemen said.

There was no estimate of cash loss. The fire was reported at 7:37 a.m., and the trucks reported back to the station at 9:07 a.m.

At 3 a.m., a minor fire broke out in a residence at 1013 Oak street, occupied by Mrs. Almida Fisher, but was doused by firemen before it could do much damage. Firemen were back at the station by 3:29 a.m.

At 5 a.m., firemen were called to douse a wood fire at Calhoun and reported back to the station at 6:40 a.m.

Phantom Motorist
Hurls Objects At
Guerriero's Auto

A mysterious motorist with an apparent urge to throw objects at the automobile of F. L. Guerriero of 1015 North 6th street was still at large Saturday after his latest vandalism.

Police said Saturday Guerriero reported the latest incident shortly after 10 p.m. Friday. This time, the motorist hurled a stone house marker at Guerriero's 1941 model car, which he parks at the curb near his house. The car was damaged.

Guerriero told police similar incidents have been occurring with annoying regularity for the past several weeks, always directed at the car, always on Friday nights, and always between 9 p.m. and 10 p.m.

The report gave no possible reason for the mysterious occurrences, although Guerriero suspects some one bears him a grudge, according to Chief of Police M. L. Peters.

Cloth Worth \$365
Reported Stolen

Theft of \$365 in expensive cloth from the residence of R. D. Kellogg, 1801 Pargoud boulevard, was reported to police Saturday by the General Adjustment Bureau here. A representative of the company

lost a total of \$365, were taken from the residence sometime between Thanksgiving, 1953, and July 8.

The theft was reported to detectives Saturday by the insurance company.

Detectives were also investigating Saturday burglary of Fontana's Grocery at 901 Pine street, which was entered sometime Friday night by tearing the locks off two doors. M. J. Fontana, owner, said about \$25 in small bills and cash, and possibly some liquor, was missing.

Two Negroes Are
Injured In Two
Separate Fights

Two Negroes suffered lacerations in separate incidents early Saturday morning, police reported.

The injured were Magnolia Nelson, 309 North 8th Street, who suffered a laceration of the head and of the back in a fracas at a local night spot, and Robert Hill, 25, 103 1/2 D-Siard avenue, who suffered a head laceration when struck by a bottle hurled by persons unknown. Both were treated at Charity Hospital and released.

The Nelson woman was injured, she told police, when she became involved in a fracas with another woman at Roosevelt's Place, 14th and Adams streets. She said she was hit in the head with a thrown bottle and stabbed by the other

woman. Police were searching for the other woman later Saturday. She is to be charged with aggravated battery.

Hill told officers he was walking down Adams street about 1:26 a.m. when he was suddenly struck by a thrown bottle. He said he did not see who threw it, or where it came from.

Little girls' fluffy spring dresses needn't present a problem in upkeep. Just as dainty as in times past, there are many sheers now available for tots in easy-to-wash, long-wearing miracle fabrics.

MONROE—RAYVILLE—WINNSBORO
SCOTT EQUIPMENT COMPANY—MONROE—DISTRIBUTORS

In Hollywood

By Jimmy Fidler

Action Filming
By RANDOLPH SCOTT
Guest Columnist

HOLLYWOOD, July 17—Thanks, Jimmie, for an opportunity to put into print some ideas I have developed during my tour in the motion picture field. I have frequently said that motion pictures should leave a lot to the imagination of the film fan, that facial expressions and motion action allow the public to make up its own mind when it comes to a particularly dramatic scene. I'll illustrate.

Take for instance a scene showing one man being clubbed on the head with a blunt instrument. If the sequence shows the actual impact, the imagination is needed to conjure up thoughts of pain and brutality, but such a scene with the camera pointed at the man with the club and let him strike down with all his might, without actually showing the point of impact, and the fan gets a milder blow than the club in use, it still hurts, so the fan believes, when smacked against the human skull. Therefore, a direct action shot could not really express the

full meaning of the situation.

I find that in my present picture, "Tall Man Riding," a Warner Bros. production, there are many such sequences—I mean subtle hints and round about methods can be used to great advantage.

I'll further illustrate. When one man throws a punch at another man, a powerful reaction can be obtained from the audience if they see the punch thrown, and then an instant later the face of the man receiving the blow as he reels back, blood streaming from a broken lip. When I'm doing a scene, whether a fight or whatever, I try for a maximum of realism—and I think I get it sometimes by permitting audience imagination to come into it.

The motion picture fan sees a film for one main reason—to receive a vicarious thrill, or a journey into the past or future via the medium of entertainment. If we leave more to his imagination, then reaction to a picture can be as varied as public opinion.

Now permit me to turn to another subject. In "Tall Man Riding" I'm having more fun, I believe, than in any previous picture. Why? For the first time I find myself in the position of a teacher to a group of

New York stage and TV actors. I'm used to taking directions, not giving them. Now, I didn't ask for this job, but I sensed that some of the easterners were trailing me and drawing me into conversations. I couldn't quite figure out what experienced stage people could learn from me. But they insisted that I talk to them about pictures and my experience in this business.

Two of my best pupils are John Baragrey and Paul Richards. Baragrey has more than 30 TV plays under his belt, plus extensive experience on the New York stage and in summer stock. He is making his first outdoor picture with this company.

Richards is a 28-year-old talented actor who graduated from University of California at Los Angeles, and then went into radio and TV work in New York. His first picture for Warner was "Phantom of the Rue Morgue." And he steps from "Tall Man Riding" right into "The Silver Chalice."

Baragrey said to me: "Although I've done a lot of stage work, motion pictures are still strange to me." He complimented me by saying I had a wealth of experience under my belt, and that in talking with me he gained some of the knowledge he was seeking. So you see what I mean when I speak of a teacher's role—a sort of side issue—in my current chore.

Richards, who plays a coin-flipping killer in the saga, came over to me and said: "Randy, every time you say something it is not just for the sake of conversation. You are adept at spotting little things in an actor." Well, that was right, complimentary, too. I sincerely appreciated the confidence he was placing in me and knowledge of the business.

One day Paul was fumbling with his revolver, and I went over to him. It was an effort for him to draw—that is, fast. I did some demonstrations, and he went back to his practice. After awhile I noticed he was doing it with greater ease and less noticeable effort. Then came the shooting scene between us. It came off smoothly, and I must congratulate Richards

on his quick draw. After all, if these boys didn't have the acting talent, they wouldn't be in the picture in the first place.

I remember when I broke into films, I was the same way I wanted to learn, and I felt I was bothering everybody who would listen to me. Remembering my own eagerness, I'm only happy to give to these chaps what little I can. And it doesn't bother me. Both Baragrey and Richards have a lot of inner spark which, if let loose, will put their names before the motion picture public.

Detention Home Group Will Meet On Monday Night

Members of the Ouachita parish detention home citizen's committee will hold a dinner meeting Monday night at the Virginia Hotel to discuss the proposed survey which will be made later this month. The meeting will begin at 7 p. m. in the Cameo Room.

Also slated to attend the meeting is Frederick Ward, Jr., director of the National Probation and Parole Association. Ward will be in Monroe throughout the time during which the survey is being made and will actually supervise the investigation.

This survey is being paid for by the Ouachita parish police jury and the Cities of Monroe and West Monroe and will determine whether or not a detention home is needed in this parish.

All members and friends are urged to make reservations for the meeting.

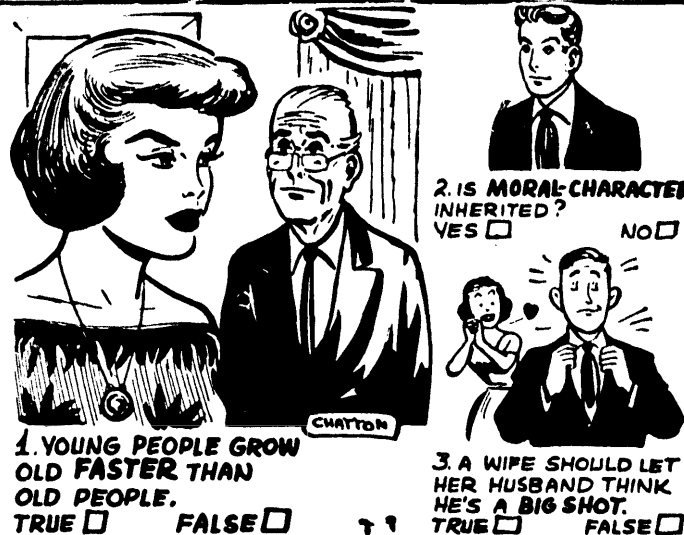

FILM RIGHTS PURCHASED

HOLLYWOOD, July 15—UP—Movie producer Hal Wallis has announced the purchase of film rights of "Global Mission," the autobiography of the late Gen. H. H. (Hap) Arnold, which he will make into a motion picture. Gen. Arnold's story depicts the history of aviation from 1911, when the famed Wright brothers taught him to fly, until his retirement after World War II.

There is no proof of the actual date of Shakespear's birth.

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGAM, D. Ed.
Mag. U. S. Pat. Off.

Answer to Question No. 1

1. True. Dr. William Kountz, authority, told Los Angeles social workers you grow old faster before you're born than ever after. However, in early years you build up faster than you tear down. In later years this is reversed and you start "going downhill." We call this "aging." To postpone this downhill process, he says, "Keep active physically and mentally."

Answer to Question No. 2

2. Yes, to some extent. My crony of many years, the late F. A. Woods, traced the royal families of Europe back for 1,000 years and found the ones rated high for intelligence were rated high, even by their enemies, for moral character. Over 300 other studies show intelligent people average better morally than stupid people.

Answer to Question No. 3

3. True, if she does it without his knowing it. If he is really second fiddle, she should boost his self-confidence. If she doesn't, he may lose his job, and she will have to earn the living. Then he will get either the martyr or the hangdog look, and a hangdog attitude is heck to live with. Play it smart, girls, with your cards close to the table.

Starting next Sunday: "Three Coins in the Fountain" filmed in CinemaScope and Technicolor with Stereophonic sound. It stars Clifton Webb, Dorothy McGuire, Jean Peters, Louis Jourdan and Maggie McNamara.

Alarm Is Signal That 'Heat's On'

The bells tolled in Monroe late Friday afternoon. And tolled, and tolled, and tolled.

At 4:55 p.m. the burglar alarm system above the front entrance to Peacock Jewelry started hollering. Ten minutes later, somebody called the cops.

Ten more minutes, the cops arrived. Another ten, and the store manager arrived.

He turned a key, and cut out the racket. No burglars. Some blamed the record-breaking heat (105) for the alarm's mechanical failure.

ROMANTIC TEAM IN 'ROSE MARIE' — Fernando Lamas, as a Northwest trapper, urges Ann Blyth to run away with him in a scene from "Rose Marie", M-G-M's first CinemaScope musical, based on the celebrated operetta. Howard Keel, Bert Lahr and Marjorie Main also star in the lavish color picture, which begins today at the Jim Theatre.

'Prince Valiant' Opens Showing At Paramount

The comic-strip adventures of "Prince Valiant" come to life on the screen of the Paramount Theatre with a star-studded cast including James Mason, Janet Leigh, Robert Wagner in the title role, Debra Paget as the ethereal blonde princess and her winsome dusky-haired sister who needn't say inspire much of the erring-do on the tournament field at Camelot.

The fairy-story enchantment of "Prince Valiant" is delicately sketched with the beautiful appearances of Janet Leigh and Debra Paget as the ethereal blonde princess and her winsome dusky-haired sister who needn't say inspire much of the erring-do on the tournament field at Camelot. Inspiration for the many escapades that have Robert Wagner leaping from one hair-breadth incident to another is the "Black Knight" whose villainy is sympathetically handled by James Mason.

The story moves from the lonely

exile castle of Val's parents, the rightful rulers of Scandia, to the bleak dunes of the English coast, the verdant forests that lead to the ancient splendor of King Arthur's court at Camelot. Here the viewer has a feeling of participation in the exciting tournaments, and the magnificent climactic fire siege when Val and loyal Vikings claim to the usurper's stronghold in Scandia where he fights his way through flame, boiling oil and rebel Vikings to restore his father's throne. This done, he returns to Camelot for the final showdown

"THEN I DISCOVERED WHAT Good Housekeeping RECOMMENDED—FOR WHITENESS, USE A CHLORINE BLEACH"

After years of study of the best ways to wash clothes, Good Housekeeping, leading household magazine, says this:
To maintain whiteness, use a heavy-duty chlorine bleach "for the white cottons and linens that make up the bulk

of your family laundry..."
"Typical items: sheets, pillowcases, dish and bath towels, face cloths, men's shirts (including striped and light colors), T-shirts, shorts, aprons, gloves, handkerchiefs."

"AND I GOT SOME PUREX. NOTHING ELSE GETS CLOTHES SO WHITE SO SAFELY"

This lady's success story can be yours. PUREX Liquid Laundry Bleach will give you a whiter, brighter, truly sanitary wash. Yet you never need to worry about bleach damage! PUREX is so gentle it won't shorten fabric life a single day. Just use as label directs.
Why is PUREX safer for your cottons and linens? Because it's pure. An extra manufacturing step—our exclusive Intrafil® Process—takes out harsh, harmful chemical impurities. Result: gentle, steady yet thorough bleaching action.
Find out for yourself: only PUREX gets clothes so white so safely.

PUREX
the gentle laundry bleach

FINE FOR KITCHEN, BATH TOO!
Use PUREX Liquid Laundry Bleach in your kitchen and bathroom to make tile, porcelain and linoleum shiny-bright and antiseptically clean. Banishes odors, stains, leaves things truly sanitary. The type of disinfectant widely recommended by public health authorities.

NEW DEEP SHINE FORMULA

DEEP GLOSS CARNU

Shines the deep-down color back

Needs No Pre-Cleaner

New Deep Gloss Carnu is so easy to use! Deep cleans as you rub it on. Shines automatically as you wipe it off! Do your car this morning—drive this afternoon with a brilliant DEEP GLOSS shine!

New discovery from Johnson's Wax shines the deep-down color back!

WHAT! MORE NEW HATS?

THIS IS ONE CALLED "MIDNIGHT". DEAR, ISN'T IT PRECIOUS?

\$74.98--- I'LL SAY IT'S PRECIOUS! IT'S AN OUTRAGE! IT'S RIDICULOUS!

I LIKE HATS THAT EXPRESS MY PERSONALITY.

I WANT PEOPLE TO NOTICE ME.

YOU'RE MUCH TOO CONSERVATIVE, MY DEAR. WHAT YOU NEED IS A PUTTY NOSE AND A CLOWN SUIT.

COO! COO! COO! COO!

PERHAPS YOU'RE MAKING A MISTAKE, SIR. HAVE YOU EVER TRIED TO STOP HER FROM BUYING HATS BY FLATTERING HER HAIR?

I'M A DESPERATE MAN, LUCILLE. I'LL TRY ANYTHING.

ACTUALLY, SWEETHEART, I LIKE YOUR HATS. ONLY THING I'VE GOT AGAINST 'EM IS THEY HIDE THE RADIANT LUSTRE OF YOUR GORGEOUS HAIR.

WHY, LOVER BOY! YOU LIKE MY HAIR?

I'M WILD ABOUT IT, IT'S YOUR CROWNING GLORY. IF YOU'LL LET ME, I'LL GET THE FINEST HAIRDRESSER ON EARTH TO DESIGN YOU A HAIR-DO YOU'LL BE PROUD FOR PEOPLE TO SEE.

REALLY?

VOILA! C'EST MAGNIFIQUE!

DO YOU REALLY LIKE IT?

LOVELY!

YOU'RE A KNOCKOUT!

OH, DEAR! OH, DEAR! NONE OF THEM FIT ANYMORE! I'LL HAVE TO BUY ALL NEW HATS!

YOU AND YOUR BRIGHT IDEAS!

The PHANTOM

by LEE FALK and WILSON MCCOY

YOU ARE THE PHANTOM!

-AND YOU ARE LIEUTENANT SMYTH ABOUT TO RUIN YOUR FINE CAREER IN THE JUNGLE PATROL BY BECOMING A TRAITOR!

NO---

A SPY NAMED HEG WANTS TO LEARN THE SECRET OF THE COMMANDER. YOU GOT INTO THIS BY ENTERING THAT ROOM ILLEGALLY--

OK! OUR COMMANDER'S UNKNOWN. NOBODY KNOWS HOW HE OPERATES. WHAT DOES IT MATTER?

MATTER? WHY DO YOU SUPPOSE YOUR COMMANDER HAS REMAINED UNKNOWN SINCE THE PATROL WAS FOUNDED THREE CENTURIES AGO?

THE TINY PATROL POLICES A THOUSAND MILES OF JUNGLE BORDERS. ITS STRENGTH IS KNOWN TO ENEMY POWERS-- BUT THE COMMANDER PUZZLES THEM--

IS HE ONE MAN-- OR THOUSANDS-- WHERE IS HE--? WHY IS HE UNKNOWN--?

YOU SAY HEG THE SPY, IS WORKING FOR AN ENEMY POWER?

OF COURSE. ONLY ONE THING FOR YOU TO DO. TELL YOUR COLONEL WHAT HAPPENED. TAKE YOUR PUNISHMENT-- IT'LL BE MINOR--

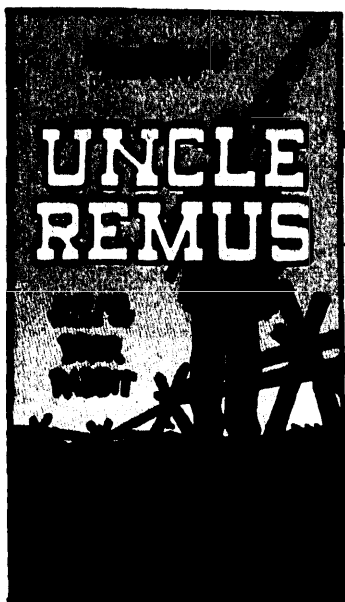

-AND AFTER THIS, DON'T TRY TO COVER ONE MISTAKE WITH ANOTHER ONE!

WAIT. COULD YOU-- BE THE REAL COMMANDER OF THE PATROL?

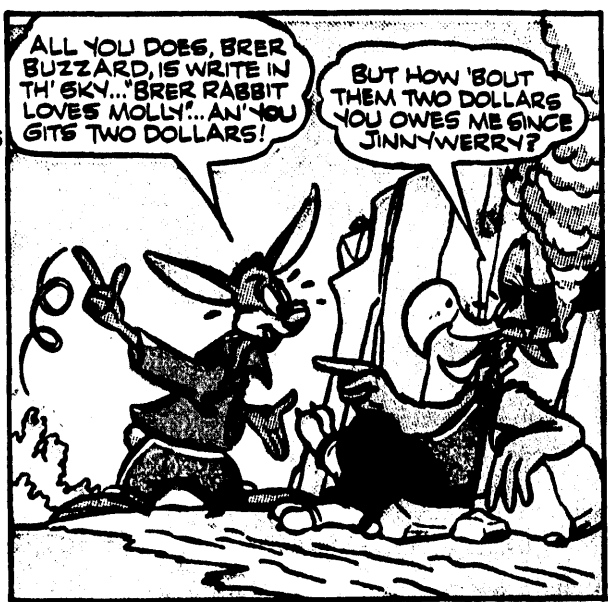

YOU KNOW THE PATROL SAYING-- "OLD-TIMERS STOP ASKING WHO THE COMMANDER IS." YOU'RE AN OLD-TIMER--

NOW--I'M GOING AFTER THE MASTER SPY-- HEG!

YOUR BROTHER MOON TOLD ME HE WAS TAKING MR. JONES TO A LECTURE THIS EVENING, KAYO.

AW-MOON IS SUCH A LIAR HE HAS TO GET SOMEBODY ELSE TO CALL OUR DOG AT MEAL TIME, BECAUSE EVEN HE DOESN'T BELIEVE NOTHING MOON SAYS.

OF COURSE, IF YOU'RE SUSPICIOUS OF YER HUSBAND, MRS. JONES, YOU COULD HAVE HIM FOLLOWED FOR A CERTAIN AMOUNT.

I'M NOT SUSPICIOUS, KAYO, BUT YOU HAVE AROUSED MY CURIOSITY.

YEH, AND BESIDES, WHERE COULD YOU GET A DETECTUFF TO TAIL YER HUSBAND FOR THIRTY CENTS?

DON'T TELL ME I CAN'T GO IN THERE!

THAT'S MY WIFE'S VOICE.

PSST! COME ON, JONESY, FOLLOW ME.

WHEEW, THAT WAS A NARROW ESCAPE.

I DON'T KNOW WHAT YOU'D DO IF IT WASN'T FOR ME.

YOU KIN SEE FOR YERSELF HE AIN'T HERE, MADAM. NOW WILL YOU KINDLY SCRAM?

HEY, LOOK! OH, I AM SO SORRY.

WUFF! WUFF! WUFF!

IT'S DARKER THAN A STACK OF BLACK CATS IN HERE, KAYO—BRING ME A MATCH.

WOOF!

OW!

WOOF!

FUNNY, HE DON'T SEEM TO BE DOWN HERE.

I WAS NEVER SO EMBARRASSED IN MY LIFE.

WELL, I'LL BETCHA TH' THIRTY CENTS YA OWE ME HE AIN'T AT NO LECTURE.

I NEVER GAMBLE, BUT I'M GOING TO FIND OUT ANYWAY.

HEY! MISTER JONES, GIVE YER WIFE 30¢ SO SHE CAN PAY ME OFF. SHE LOST ALL HER DOUGH IN TH' BACK ROOM OF DUGAN'S PLACE.

ONE HEAD-HUNTER SLIPS UP BEHIND AND AIMS AT JACK—

SKYBLUE JUMPS IN BETWEEN AND THE ARROW GETS HER!
